We are furnishing this proxy statement to you in connection with the solicitation of proxies by our Board of Directors to be used at our 2019 annual meeting of shareholders, or at any adjournments or postponements thereof. This proxy statement describes the matters to be presented at the meeting and related information that will help you vote at the meeting. References in this proxy statement to “the company,” “we,” “us,” “our” and similar terms mean MSC Industrial Direct Co., Inc.

We have elected to take advantage of the “notice and access” rule of the Securities and Exchange Commission (which we refer to as the SEC) that allows us to furnish proxy materials to shareholders online. We believe that electronic delivery expedites the receipt of proxy materials, while significantly lowering costs and reducing the environmental impact of printing and mailing full sets of proxy materials. As a result, on or about December 19, 2018, we mailed to our shareholders of record as of the close of business on December 11, 2018, either (i) a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials online and how to request paper copies of our proxy materials or (ii) a printed set of proxy materials, which includes the notice of annual meeting, this proxy statement, our 2018 annual report to shareholders and a proxy card. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the materials unless you specifically request one. If your shares are held in the MSC Industrial Direct 401(k) Plan, you will receive a printed set of proxy materials and the enclosed proxy will serve as a voting instruction card for the trustee of the MSC Industrial Direct 401(k) Plan, T. Rowe Price Trust Company, who will vote all shares of Class A common stock of the company allocated to your 401(k) account in accordance with your instructions. If you hold your shares through a broker, bank or other nominee, rather than directly in your own name, your intermediary will either forward to you printed copies of the proxy materials or will provide you with instructions on how you can access the proxy materials electronically.

Fiscal Year 2018 Company Performance

In fiscal year 2018, we generated strong operating results in a strengthening macro-economic environment. At the same time, we completed the company's transition from a spot buy supplier to a mission critical partner on manufacturing floors across North America. By focusing on products and services that are technical and high-touch, we have cemented our leadership in metalworking and gained solid traction in the Class C VMI space. We also established a new platform in OEM fasteners. Most recently, we transitioned our sales force to deliver upon the new, more complex and high-touch role that we play for our customers to enable our customers to achieve higher levels of growth, productivity and profitability. Our operating performance in fiscal 2018 was highlighted by the following achievements:

- diluted earnings per share increased to \$5.80 from \$4.05 in fiscal 2017;
- we continued to build stronger partnerships with our customers, providing deep technical expertise across the industries that we serve, and optimizing our customers' operations with inventory management and other supply chain solutions;
- we generated \$339.7 million of cash from operations in fiscal 2018;
- we paid out \$125.4 million in cash dividends, increasing our dividend per share twice during fiscal 2018; and
- we completed the acquisition of All Integrated Solutions in April 2018.

Net sales increased 10.9% to \$3.20 billion in fiscal 2018 from \$2.89 billion in fiscal 2017. Average daily sales (ADS), including acquisitions, increased 10.5% in fiscal 2018, as compared to fiscal 2017. Even as our operating expenses increased due to the acquisitions of DECO Tool Supply in our fourth quarter of fiscal 2017 and All Integrated Solutions in our third quarter of fiscal 2018, our operating expenses as a percentage of sales decreased to 30.4% of net sales for fiscal 2018, compared to 31.4% of net sales for fiscal 2017, with productivity and leverage contributing to this favorable outcome. Operating income in fiscal 2018 was \$420.6 million, representing an increase of 11.0% from operating income of \$379.0 million in fiscal 2017. For fiscal 2018, the company achieved diluted earnings per share of \$5.80 versus \$4.05 in fiscal 2017.

Fiscal Year 2018 Compensation Decisions

Consistent with our pay-for-performance compensation philosophy, the Compensation Committee of our Board took the following key actions with respect to NEO compensation for fiscal 2018:

- **Bonus Payouts Above Target.** Based on company performance against target performance goals and achievement levels of each NEO's individual goals and objectives under our performance bonus plan, and the Committee's determination of the appropriate individual performance multiplier, payouts under our performance bonus plan were 113.3% of target for Mr. Gershwind, 107.1% for Messrs. Jilla, Jones and Armstrong, and 117.8% of target for Mr. Baruch.
- **CEO Total Cash Compensation Approximated Market 75th Percentile; Other NEOs At or Below Market Median.** Total actual cash compensation for Mr. Gershwind approximated the 75th percentile of the competitive market data developed by our independent compensation consultant. Messrs. Jilla's, Jones' and Baruch's total cash compensation approximated the 50th percentile of the competitive market data, and Mr. Armstrong's total cash compensation approximated the 25th percentile of the competitive market data.
- **CEO Total Direct Compensation ("TDC") Below Market 25th Percentile; Other NEOs Generally At or Below Market Median.** We calculate TDC as the sum of fiscal year end base salary, actual annual performance bonuses and long-term equity awards (and in the case of Mr. Jilla, we also annualize his special new hire grant of restricted shares made in fiscal 2015 over its five-year vesting period, which is consistent with the market data methodology). For fiscal 2018, Mr. Gershwind's TDC was 7.8% below the 25th percentile of the competitive market data; Mr. Jilla's TDC approximated the 50th percentile; Mr. Jones' TDC was between the median and 75th percentile; Mr. Armstrong's TDC approximated the 25th percentile; and Mr. Baruch's TDC approximated the 50th percentile of the competitive market data.

Please see "**Compensation Discussion and Analysis**" beginning on page 35 of this proxy statement.

Our Board considers it desirable for shareholders to pass upon the selection of the independent registered public accounting firm. Our Board recommends that you vote “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2019. Please see “**Ratification of Appointment of Independent Registered Public Accounting Firm (Proposal No. 2)**” beginning on page 32 of this proxy statement.

This vote is advisory, which means that this vote on executive compensation is not binding on the company, our Board or our Compensation Committee. Based on company and individual performance, our Compensation Committee believes that compensation levels for fiscal year 2018 were appropriate and consistent with the philosophy and objectives of the company’s compensation programs. Our Board recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement. **PROXY STATEMENT FOR THE ANNUAL MEETING
OF SHAREHOLDERS TO BE HELD ON JANUARY 29, 2019**

ELECTION OF DIRECTORS (PROPOSAL NO. 1)

Nine directors will be elected at our 2019 annual meeting of shareholders for a term of one year expiring at our 2020 annual meeting, and will serve until their respective successors have been elected, or until their earlier resignation or removal. Each of the nominees for director was previously elected as a director of the company by our shareholders.

Each nominee has indicated that he or she is willing to serve as a member of our Board, if elected, and our Board has no reason to believe that any nominee may become unable or unwilling to serve. In the event that a nominee should become unavailable for election for any reason, the shares represented by a properly executed and returned proxy will be voted for any substitute nominee who shall be designated by the current Board. There are no arrangements or understandings between any director or nominee for director and any other person pursuant to which such person was selected as a director or nominee for director of the company.

Our Nominating and Corporate Governance Committee has reviewed the qualifications and independence of the nominees for director and, with each member of the Nominating and Corporate Governance Committee abstaining as to himself or herself, has recommended each of the other nominees for election to our Board.

Board and Committee Evaluations; Qualifications of Nominees

Our Nominating and Corporate Governance Committee annually reviews the composition and performance of our Board and Board committees and is responsible for recruiting, evaluating and recommending candidates to be presented for appointment, election or reelection to serve as members of our Board. Our Board and each Board committee conduct annual written self-evaluations to help ensure that our Board and Board committees have the appropriate number and mix of members, skills and experience and the appropriate scope of activities. These self-evaluations also provide Board and Board committee members with insight for enhancing the effectiveness of their meetings. In evaluating our Board, our Nominating and Corporate Governance Committee has considered that our directors have a wide range of experience as senior executives of large publicly traded companies, and in the areas of investment banking, accounting, business education and business management consulting. In these positions, they have also gained industry experience and knowledge in core management skills that are important to their service on our Board, such as business-to-business distribution, supply chain management, mergers and acquisitions, strategic and financial planning, financial reporting, compliance, risk management, intellectual property matters and leadership development. Several of our directors also have experience serving on the boards of directors and board committees of other public companies, which provides them with an understanding of current corporate governance practices and trends and executive compensation matters. Our Nominating and Corporate Governance Committee also believes that our directors have other key attributes that are important to an effective board of directors, including the highest professional and personal ethics and values, a broad diversity of business experience and expertise, an understanding of our business, a high level of education, broad-based business acumen and the ability to think strategically.

In furtherance of our ongoing self-evaluations by our Board and Board committees and in order to ensure that our Board continues to be comprised of board members with diverse and critical skills, we elected two new independent directors, Messrs. Kaufmann and Paladino, on September 24, 2015. In addition, with the election of Messrs. Kaufmann and Paladino, we reviewed and changed our Board committee composition so that each of our independent directors is a member of no more than two of our Board committees, thereby enhancing committee member focus on committee matters.

In addition to the qualifications described above, our Nominating and Corporate Governance Committee also considered the specific skills and attributes described in the biographical details that follow in determining whether each individual nominee should serve on our Board.

Director Independence

Pursuant to New York Stock Exchange listing standards, a majority of the members of our Board must be independent. The Board must determine that each independent director has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). The Board follows the criteria set forth in Section 303A of the New York Stock Exchange listing standards to determine director independence. Our independence criteria are also set forth in Section 1.1 of our Corporate Governance Guidelines, a copy of which is available on our website at www.mscdirect.com/corporategovernance. In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independence determination.

The Board undertakes a review of director independence on an annual basis and as events arise which may affect director independence. Based upon this review, the Board determined that Ms. Goeser and Messrs. Byrnes, Fradin, Kaufmann, Kelly, Paladino and Peller are independent in accordance with Section 303A.02 of the New York Stock Exchange listing standards and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, as well as under our Corporate Governance Guidelines.

In evaluating the independence of Ms. Goeser, the Board considered that Ms. Goeser (i) served as President and Chief Executive Officer of Grupo Siemens S.A. de C.V., an affiliate of Siemens AG, which is a customer and supplier of our company, until her retirement in May 2018 and (ii) is a director of Watts Water Technologies, Inc., which is a customer and supplier of our company. Sales to and purchases from such companies were made in the ordinary course of business and amounted to significantly less than 0.5% of the recipient company's gross revenues during its most recent fiscal year.

In evaluating the independence of Mr. Byrnes, the Board considered that Mr. Byrnes is a Senior Lecturer at MIT, which is a customer of our company. Sales to MIT were made in the ordinary course of business and amounted to significantly less than 0.5% of our gross revenues during our most recent fiscal year.

In evaluating the independence of Mr. Fradin, the Board considered that Mr. Fradin (i) served as a director of Signode Industrial Group, which was a customer and supplier of our company, until it was acquired by Crown Holdings, Inc. in April 2018, (ii) is a director of Pitney Bowes Inc., which is a customer of our company and (iii) is a director of Harris Corporation, which is a customer of our company. Sales to and purchases from such companies were made in the ordinary course of business and amounted to significantly less than 0.5% of the recipient company's gross revenues during its most recent fiscal year.

In evaluating the independence of Mr. Kaufmann, the Board considered that Mr. Kaufmann is the Chief Executive Officer of Cardinal Health, Inc., which is a customer of our company. Sales to Cardinal Health, Inc. were made in the ordinary course of business and amounted to significantly less than 0.5% of our gross revenues during our most recent fiscal year.

In evaluating the independence of Mr. Paladino, the Board considered that Mr. Paladino is the Executive Vice President and Chief Financial Officer of Henry Schein, Inc., which is a customer and supplier of our company. Sales to and purchases from Henry Schein, Inc. were made in the ordinary course of business and amounted to significantly less than 0.5% of the recipient company's gross revenues during its most recent fiscal year.

- oversee risk management practices for our major financial risk exposures and the steps that have been taken to monitor and mitigate such exposures;
- oversee cybersecurity risks and the company's overall cybersecurity risk management program;
- prepare an annual Audit Committee report to be included in our annual proxy statement; and
- undertake an annual evaluation of its performance.

Composition and Charter

The Audit Committee is currently comprised of Messrs. Byrnes, Kaufmann, Kelly, Paladino and Peller, each of whom the Board has determined to be independent under both the rules of the SEC and the listing standards of the New York Stock Exchange and to meet the financial literacy requirements of the New York Stock Exchange. Mr. Peller is the Chairperson of the Audit Committee. The Board has determined that each of Messrs. Peller, Kaufmann and Paladino qualifies as an "audit committee financial expert" within the meaning of the rules of the SEC.

The Audit Committee is directly responsible for the appointment, termination, compensation, retention and oversight of the work of our independent auditors. The Audit Committee has adopted a written charter, a copy of which is available on our website at www.mscdirect.com/corporategovernance. The Audit Committee has the authority to engage independent counsel and other advisors as it deems necessary to carry out its duties. We are obligated to provide appropriate funding for the Audit Committee for these purposes.

Policy on Service on Other Audit Committees

Under our corporate governance guidelines, members of the Audit Committee may not serve as members of an audit committee for more than three public companies, including the Audit Committee of our Board.

Compensation Committee

Principal Functions

The principal functions of the Compensation Committee are to:

- review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer;
- evaluate our Chief Executive Officer's performance in light of those goals and objectives;
- determine and approve our Chief Executive Officer's compensation level based on its evaluation of his performance;
- set the compensation levels of all of our other executive officers, including with respect to our incentive compensation plans and equity-based plans;
- review and recommend to the Board for approval any change in control agreements or severance plans or agreements with our Chief Executive Officer and our other executive officers;
- recommend to our Board the compensation of our non-executive directors;
- have the sole responsibility to retain and terminate the compensation consultant;
- administer our equity incentive plans;
- oversee risk management practices for risks relating to our overall compensation structure, including review of our compensation practices, in each case with a view toward assessing associated risks;
- prepare a Compensation Committee report on executive compensation to be included in our annual proxy statement; and
- undertake an annual evaluation of its performance.

Composition and Charter

Our Compensation Committee is currently comprised of Ms. Goeser and Messrs. Fradin, Kaufmann, Kelly and Paladino, each of whom is an independent director. Mr. Kelly is the Chairperson of the Compensation Committee. The Compensation Committee has adopted a written charter, a copy of which is available on our website at www.mscdirect.com/corporategovernance.

Delegation of Authority

The Compensation Committee does not delegate its responsibilities to any other directors or members of management. Under our 2015 Omnibus Incentive Plan, the Compensation Committee is permitted to delegate its authority under such plan to a committee of one or more directors or one or more officers, in all cases to the extent permitted under applicable law, including New York Stock Exchange listing requirements. However, as a matter of policy, the Compensation Committee authorizes all grants of awards under the 2015 Omnibus Incentive Plan.

Compensation Processes and Procedures

The Compensation Committee makes all compensation decisions for our executive officers. In fiscal year 2018, the views and recommendations of Mitchell Jacobson, our Chairman of the Board, and Erik Gershwind, our President and Chief Executive Officer, were considered by the members of the Compensation Committee in its review of the performance and compensation of individual executives. The views and recommendations of Mr. Jacobson and Mr. Gershwind will continue to be considered by the members of the Compensation Committee in its review of the performance and compensation of individual executives. In fiscal year 2018, Mr. Jacobson also provided input on Mr. Gershwind's compensation. In addition, the Compensation Committee obtains input from Mr. Gershwind on the compensation of the other named executive officers and other executive officers and senior officers. Our Human Resources department and our Senior Vice President and Chief People Officer, Kari Heerdt, assist the Chairperson of the Compensation Committee in developing the agenda for Compensation Committee meetings and work with the Compensation Committee in developing agenda materials for the committee's review, including coordinating and presenting management's proposals and recommendations to the Compensation Committee with respect to executive and non-executive director compensation. Ms. Heerdt and Mr. Gershwind regularly attend Compensation Committee meetings, excluding portions of meetings where their own compensation is discussed. The Compensation Committee considers, but is not bound by, management's proposals and recommendations with respect to executive compensation.

The Compensation Committee has the authority to retain and terminate any third-party compensation consultant and to obtain advice and assistance from internal and external legal, accounting and other advisors. In connection with compensation decisions made by the Compensation Committee for fiscal year 2018, the Compensation Committee relied on competitive market data and analysis prepared by its independent compensation consultant, Frederic W. Cook & Co., Inc., a compensation consulting firm that we refer to in this proxy statement as FW Cook. FW Cook provides research, market data and survey information and makes recommendations to the Compensation Committee regarding our executive compensation programs and our non-executive director compensation programs. FW Cook advises the Compensation Committee on the competitiveness of our compensation arrangements and provides input, analysis and recommendations for the compensation paid to our named executive officers, other executives and non-management directors. FW Cook provides data and analysis with respect to public companies having similar characteristics (including size, profitability, geography, business lines and growth rates) to those of our company. As discussed under "***Compensation Risk Assessment***" on page 55 of this proxy statement, FW Cook also updated and confirmed the comprehensive risk assessment of our incentive-based compensation plans which FW Cook conducted in 2016 (and prepares on a triennial basis) to assist the Compensation Committee in its compensation risk assessment. The Compensation Committee considers, but is not bound by, the consultant's recommendations with respect to executive and non-executive director compensation.

During fiscal year 2018, the Compensation Committee reviewed the independence of FW Cook, its other advisors and the individuals employed by such advisors who furnish services to us, which included a consideration of the factors required by New York Stock Exchange listing standards. Based on its review, the Compensation Committee determined that FW Cook, its other advisors and the individuals employed by such advisors who furnish services to us are independent and that their service does not raise any conflicts of interest that would prevent them from providing independent and objective advice to the committee.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2018, Ms. Goeser and Messrs. Fradin, Kaufmann, Kelly and Paladino served as members of our Compensation Committee. None of the members of the Compensation Committee was, during or prior to fiscal year 2018, an officer of the company or any of our subsidiaries or had any relationship with us other than serving as a director and as a de minimis shareholder. In addition, none of our directors has interlocking or other relationships with other boards, compensation committees or our executive officers that would require disclosure under Item 407(e)(4) of Regulation S-K.

Nominating and Corporate Governance Committee

Principal Functions

The principal functions of the Nominating and Corporate Governance Committee are to:

- identify individuals qualified to become members of our Board consistent with criteria approved by our Board;
- review the qualifications and independence of the nominees for director;
- recommend to our Board nominees for membership on our Board (only those candidates recommended by the Nominating and Corporate Governance Committee will be considered by our Board as nominees for director);
- develop and recommend to our Board corporate governance principles and other corporate governance policies that are applicable to our company;
- review and approve any related party transactions between the company and any officer, director, principal shareholder or immediate family member or other affiliate of such persons proposed to be entered into and, if appropriate, ratify any such transaction previously commenced and ongoing;
- oversee the evaluation of our Board, Board Committees and our management;
- oversee risk management practices for risks relating to governance and compliance matters;
- assist in Board oversight of our compliance with our ethics policies; and
- undertake an annual evaluation of its performance.

Composition and Charter

Our Nominating and Corporate Governance Committee is currently comprised of Ms. Goeser and Messrs. Byrnes, Fradin and Peller, each of whom is an independent director. Ms. Goeser is the Chairperson of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has adopted a written charter, a copy of which is available on our website at www.mscdirect.com/corporategovernance.

Policy Regarding Shareholder Nominations for Director

The Nominating and Corporate Governance Committee of our Board believes that the best director candidates will be those who have a number of qualifications, including independence, knowledge, judgment, integrity, character, leadership skills, education, experience, financial literacy, standing in the community and an ability to foster a diversity of backgrounds and views and to complement our Board's existing strengths. There are no specific, minimum or absolute criteria for Board membership. The Nominating and Corporate Governance Committee seeks to achieve a balance and diversity of knowledge, experience and capability on our Board, while maintaining a sense of collegiality and cooperation that is conducive to a productive working relationship within the Board and between the Board and management. The Nominating and Corporate Governance Committee also believes that it is important for directors to have demonstrated an ethical and successful career. Such a career may include:

- experience as a senior executive of a publicly traded corporation, a management consultant, an investment banker, a partner at a law firm or registered public accounting firm or a professor at an accredited law or business school;
- experience in the management or leadership of a substantial private business enterprise, educational, religious or not-for-profit organization; or
- such other professional experience as the Nominating and Corporate Governance Committee determines qualifies an individual for Board service.

At all times, the Nominating and Corporate Governance Committee will make every effort to ensure that our Board and its committees include at least the required number of independent directors, as that term is defined by applicable standards promulgated by the New York Stock Exchange and the SEC. In addition, prior to nominating an existing director for re-election to our Board, the Nominating and Corporate Governance Committee will consider and review such existing director's attendance and performance, independence, experience, skills and contributions as an existing director to our Board.

The Nominating and Corporate Governance Committee may employ third-party search firms to identify director candidates, if so desired. The Nominating and Corporate Governance Committee will review and consider recommendations from a wide variety of contacts, including current executive officers, directors, community leaders and shareholders, as a source for potential director candidates.

The Nominating and Corporate Governance Committee will consider qualified director candidates recommended by shareholders in compliance with our procedures and subject to applicable inquiries. The Nominating and Corporate Governance Committee does not have different standards for evaluating nominees depending on whether they are proposed by our directors or by our shareholders. Any shareholder may recommend a nominee for director at least 120 calendar days prior to the one-year anniversary of the date on which our proxy statement was released to shareholders in connection with the previous year's annual meeting, by writing to Corporate Secretary, MSC Industrial Direct Co., Inc., 75 Maxess Road, Melville, NY 11747, and providing the following information:

- the name, company shareholdings and contact information of the person making the nomination;
- the candidate's name, address and other contact information;
- any direct or indirect holdings of our securities by the nominee;
- any information required to be disclosed about directors under applicable securities laws and/or stock exchange requirements;
- information regarding related party transactions with the company and/or the shareholder submitting the nomination;
- any actual or potential conflicts of interest; and
- the nominee's biographical data, current public and private company affiliations, employment history and qualifications and status as "independent" under applicable securities laws and stock exchange requirements.

All of these communications will be reviewed by our Senior Vice President, General Counsel and Corporate Secretary and forwarded to Ms. Goesser, the Chairperson of the Nominating and Corporate Governance Committee, for further review and consideration in accordance with this policy. Any such shareholder recommendation should be accompanied by a written statement from the candidate of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director.

Board Leadership Structure; Executive Sessions of the Independent Directors

Our Board functions collaboratively and emphasizes active participation and leadership by all of its members. Our Board currently consists of nine directors, each of whom, other than Messrs. Gershwind and Jacobson, is independent under our Corporate Governance Guidelines and the applicable rules of the New York Stock Exchange. Mr. Gershwind has served as our President and Chief Executive Officer since January 1, 2013 and as a member of our Board since 2010. Mr. Jacobson, who is one of our principal shareholders, was appointed our Chairman of the Board in January 1998 and became Non-executive Chairman of the Board effective January 1, 2013. Mr. Jacobson previously served as our President from October 1995 through November 2003, and as our Chief Executive Officer from October 1995 through November 2005. The Board has separated the roles of Chairman and Chief Executive Officer since 2005 and has appointed a non-management, lead director since 2007.

Our Board of Directors believes that the most effective Board leadership structure for our company at the present time is for the roles of Chief Executive Officer and Chairman of the Board to be separated. Under this structure, our Chief Executive Officer is generally responsible for setting the strategic direction for our company and for providing the day-to-day leadership over our operations, and our Chairman of the Board sets the agenda for meetings of the Board and presides over Board meetings. In addition, our independent directors meet at regularly scheduled executive sessions without members of management present. Mr. Peller, who has served as our Lead Director since 2007, serves as the presiding director at the executive sessions of the independent directors. The Lead Director also has such other duties and responsibilities as determined by the Board from time to time. Those additional duties and responsibilities include:

- making recommendations to the Board regarding the structure of Board meetings;
- recommending matters for consideration by the Board;
- determining appropriate materials to be provided to the directors;
- serving as an independent point of contact for shareholders wishing to communicate with the Board;
- assigning tasks to the appropriate Board committees with the approval of the Nominating and Corporate Governance Committee; and
- acting as a liaison between management and the independent directors.

Our Board retains the authority to modify this leadership structure as and when appropriate to best address our unique circumstances at any given time and to serve the best interests of our shareholders.

Role of the Board in Risk Oversight

Our Board's role in risk oversight involves both the full Board and its committees. The full Board is responsible for the oversight of risk management and reviews our major financial, operational, cybersecurity, compliance, reputational and strategic risks, including steps to monitor, manage and mitigate such risks. In addition, each of the Board committees is responsible for oversight of risk management practices for categories of risks relevant to their functions. For example, the Audit Committee discusses with management our major financial risk exposures and the steps that have been taken to monitor and mitigate such exposures, including with respect to risk assessment and risk management. The Audit Committee is also responsible for oversight of cybersecurity risks, as well as the company's overall cybersecurity risk management program. Similarly, the Nominating and Corporate Governance Committee has oversight responsibility over governance and compliance matters and the Compensation Committee has oversight responsibility for our overall compensation structure, including review of its compensation practices, in each case with a view to assessing associated risks. Please see "**Compensation Risk Assessment**" on page 55 of this proxy statement.

The Board as a group is regularly updated on specific risks in the course of its review of corporate strategy, business plans and reports to the Board by management and its respective committees. The Board believes that its leadership structure supports its risk oversight function by providing a greater role for the independent directors in the oversight of our company.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines, which are available on our website at www.mscdirect.com/corporategovernance.

Director Attendance at Shareholder Meetings

We encourage attendance by the directors at our annual meeting of shareholders. All of our current directors attended the annual meeting held on January 25, 2018, either in person or by telephone.

Non-Executive Director Stock Ownership Guidelines

To more closely align the interests of our non-executive directors with those of our shareholders, our Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, adopted stock ownership guidelines for all of our non-executive directors in 2011. The ownership guidelines provide for each of our non-executive directors to own a minimum number of shares having a value equal to five times his or her base annual cash retainer (i.e., a value equal to \$210,000 for directors whose tenure began before the adoption of the guidelines and a value equal to \$250,000 for Messrs. Kaufmann and Paladino). All shares held by our non-executive directors, including unvested restricted stock units, count toward this guideline. The guidelines provide for our non-executive directors to reach this ownership level within the later of five years from the date on which the guidelines were adopted or five years from the date on which the director is first appointed or elected. Once a non-executive director has attained his or her minimum ownership requirement, he or she must maintain at least that level of ownership. If a non-executive director has not satisfied his or her proportionate minimum stock ownership guideline, the director must retain an amount equal to 100% of the net shares received as a result of the exercise of stock options or the vesting of restricted stock units. All of our non-executive directors are in compliance with their current stock ownership guidelines.

Overview of Director Compensation

Our Compensation Committee is responsible for reviewing and making recommendations with respect to the compensation of our non-executive directors. Our Compensation Committee's policy is to engage a compensation consultant every year to conduct a full review and benchmarking (using the same peer group used to benchmark executive compensation) of our non-executive directors' compensation in order to ensure that our directors' compensation is in line with peer companies competing for director talent. In fiscal year 2018, our Compensation Committee engaged FW Cook as its compensation consultant.

The key objective of our non-executive directors' compensation program is to attract and retain highly qualified directors with the necessary skills, experience and character to oversee our management. In addition, our compensation program is designed to align the interests of our Board with the long-term interests of our shareholders. The compensation program is also designed to recognize the time commitment, expertise and potential liability required of active Board membership. We compensate our non-executive directors with a mix of cash and equity-based compensation. Directors who are also executives of the company do not receive any compensation for their service on our Board.

Fiscal Year 2018 Director Compensation

For the fiscal year ended September 1, 2018, we paid each non-executive director the following compensation:

- a retainer per director for service on our Board of \$50,000 per year (which increased to \$55,000 per year in August 2018);
- a fee for attendance at a Board meeting of \$2,000 per meeting;
- a fee for attendance at a committee meeting of \$1,700 per meeting;
- an additional retainer for the chairperson of the Audit Committee of \$20,000 per year;
- an additional retainer for the chairperson of the Compensation Committee of \$12,500 per year;
- an additional retainer for the chairperson of the Nominating and Corporate Governance Committee of \$10,000 per year; and
- an annual grant of restricted stock units representing shares having an aggregate fair market value of \$115,000 on the date of grant to each director upon his or her election or reelection to our Board; 50% of these shares vest on the first anniversary of the date of grant and 50% vest on the second anniversary of the date of grant.

In the event that a director ceases to provide services to the company by virtue of his or her death, disability or retirement (which means cessation of services with approval of the Board), the vesting of outstanding restricted stock units will accelerate and the shares underlying the restricted stock units will become fully vested. In addition, in the event of a change in control of the company, the vesting of all outstanding restricted stock units held by the director will accelerate, and all shares underlying restricted stock units will become fully vested. A change in control of the company for purposes of the 2015 Omnibus Incentive Plan is described above under the section entitled ***“Executive Compensation – Potential Payments Upon Termination or Change in Control – Change in Control Arrangements.”***

In October 2014, our Compensation Committee recommended, and our Board approved, a change in the non-executive compensation for Mr. Jacobson. Due to the level of his stock ownership, Mr. Jacobson and the company would need to make a filing and he would need to pay a filing fee under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 in connection with the annual equity grant. Under these circumstances, our Board, upon the recommendation of our Compensation Committee, decided that it was appropriate to pay Mr. Jacobson cash in lieu of the annual equity grant, such amount to be paid quarterly in arrears.

Director compensation is paid quarterly in arrears. The cash compensation of directors who serve less than a full quarter is pro-rated for the number of days actually served. Directors who are appointed between annual shareholder meetings receive a pro-rated equity award upon appointment to our Board. In addition, we reimburse our non-executive directors for reasonable out-of-pocket expenses incurred in connection with attending in-person Board or Board committee meetings and for fees incurred in attending continuing education courses for directors that are approved in advance by the company.

In July 2018, FW Cook conducted a competitive analysis of our non-executive directors' compensation using the same peer group used to benchmark executive compensation. Based on this analysis, FW Cook concluded that, on a normalized basis, the average total annual compensation per non-executive director (excluding our Non-Executive Chairman) in fiscal year 2018 was slightly below the median of the peer group and the relative mix of cash and equity components of such compensation was aligned with the median of the peer group.

Changes in Fiscal Year 2019 Director Compensation

In August 2018, in consultation with FW Cook, our Compensation Committee recommended, and our Board approved, an increase in the retainer per director for service on our Board from \$50,000 to \$55,000 per year and an increase in the aggregate fair market value of the shares underlying the annual grant of restricted stock units from \$115,000 to \$120,000.

The following table presents the compensation paid to our non-executive directors in respect of fiscal year 2018 for their services as directors. Mr. Gershwind, as an executive officer of the company, did not receive compensation for his services as a director of the company in fiscal year 2018.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own beneficially more than 10% of our Class A common stock to file initial reports of ownership and reports of changes in ownership with the SEC. Based solely on our review of the copies of such forms furnished to us and written representations from our executive officers, directors and such beneficial owners, we believe that all filing requirements of Section 16(a) of the Exchange Act were timely complied with during the fiscal year ended September 1, 2018.

Written Related Person Transactions Policy

We have adopted a written related person transactions policy detailing the policies and procedures relating to transactions that may present actual, potential or perceived conflicts of interest and may raise questions as to whether such transactions are consistent with the best interest of the company and our shareholders. The Nominating and Corporate Governance Committee must review and approve any related person transaction proposed to be entered into and, if appropriate, ratify any such transaction previously commenced and ongoing. The Nominating and Corporate Governance Committee may delegate its authority under the policy to the Chairperson of the Nominating and Corporate Governance Committee, who may act alone. The Chairperson will report to the Nominating and Corporate Governance Committee at the next meeting any approval made pursuant to such delegated authority. Based on its consideration of all of the relevant facts and circumstances, the Nominating and Corporate Governance Committee will decide whether or not to approve any related person transaction.

Under our related person transactions policy, any relationship, arrangement or transaction between the company and (a) any director, executive officer or any immediate family member of either a director or an executive officer, (b) any beneficial owner of more than 5% of our Class A common stock or (c) any entity in which any of the foregoing is employed or is a partner, principal or owner of a 5% or more ownership interest, is deemed a related person transaction, subject to certain exceptions, including (i) transactions available to all associates generally, (ii) transactions involving less than \$25,000 in any 12-month period when aggregated with all similar transactions during such period, (iii) transactions involving executive compensation approved by our Compensation Committee or director compensation approved by our Board and (iv) certain charitable contributions.

Related Person Transactions

Other than compensation arrangements, including those described under the sections entitled “**Executive Compensation**” beginning on page 57 of this proxy statement and “**Director Compensation**” beginning on page 24 of this proxy statement, and the agreement described below, since the beginning of fiscal year 2018, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we have been or will be a participant:

- in which the amount involved exceeded or will exceed \$120,000; and
- in which any director, nominee, executive officer, beneficial owner of more than 5% of our Class A common stock or our Class B common stock or any member of their immediate family had or will have a direct or indirect material interest.

Stock Purchase Agreement

On July 25, 2018, we entered into a stock purchase agreement with Mitchell Jacobson, our Chairman, Erik Gershwind, our President and Chief Executive Officer, and three other beneficial owners (collectively, the “Sellers”) of our Class B common stock, as amended on July 30, 2018 and August 29, 2018 (the “Stock Purchase Agreement”). Pursuant to the Stock Purchase Agreement, in connection with our existing share repurchase authorization, each Seller agreed to sell or cause to be sold by trusts or other entities on whose behalf such Seller acted, and we agreed to purchase, a pro rata number of shares of Class A common stock, such that the Sellers’ aggregate percentage ownership in the company would remain substantially the same. Shares purchased under the Stock Purchase Agreement were purchased each month at a price per share equal to the volume weighted average market price that we paid for shares repurchased during the previous month from holders of our Class A common stock under our share repurchase authorization. The Stock Purchase Agreement was approved by our Nominating and Corporate Governance Committee as well as the disinterested members of our Board. Pursuant to the Stock Purchase Agreement, we purchased an aggregate of 283,239 shares of our Class A common stock from the Sellers and/or such trusts or other entities for an aggregate purchase price of approximately \$23.4 million. On October 29, 2018, we entered into a termination agreement with the Sellers pursuant to which the Stock Purchase Agreement was terminated.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (PROPOSAL NO. 2)

Our Audit Committee has appointed the firm of Ernst & Young LLP, which has been our independent registered public accounting firm since 2002, to serve as our independent registered public accounting firm for fiscal year 2019. Although shareholder ratification of the Audit Committee's action in this respect is not required, our Board considers it desirable for shareholders to pass upon the selection of the independent registered public accounting firm. If the shareholders disapprove of the selection, our Audit Committee intends to reconsider the selection of Ernst & Young LLP as our independent registered public accounting firm.

Ernst & Young LLP has advised us that neither it nor any of its members has any direct or material indirect financial interest in our company. We expect that a representative from Ernst & Young LLP will be present at the annual meeting. This representative will have the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

For the fiscal years ended September 1, 2018 and September 2, 2017, Ernst & Young LLP billed us for their services the fees set forth in the table below. All audit and permissible non-audit services reflected in the fees below were pre-approved by the Audit Committee in accordance with established procedures.

Audit Committee Pre-Approval Policy

The Audit Committee is required to pre-approve all audit and non-audit services provided by our independent registered public accounting firm and is not permitted to engage the independent registered public accounting firm to perform any non-audit services proscribed by law or regulation. The Audit Committee may delegate pre-approval authority to the Chairperson of the Audit Committee, in which case decisions taken are to be presented to the full Audit Committee at its next meeting.

The Audit Committee of the Board has considered whether, and has determined that, the provision of non-audit services by Ernst & Young LLP is compatible with maintaining auditor independence.

THE BOARD RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2019.

AUDIT COMMITTEE REPORT

The information contained under this “Audit Committee Report” shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any filings under the Securities Act of 1933, as amended, which we refer to as the Securities Act, or under the Exchange Act, except to the extent that we specifically incorporate this information by reference into any such filing.

The Audit Committee oversees the company’s financial accounting and reporting processes and systems of internal controls on behalf of our Board. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee is directly responsible for the appointment, termination, compensation, retention and oversight of the work of our independent auditors. The Audit Committee consists of the five directors named below, each of whom is an independent director as defined by applicable SEC rules and NYSE listing standards.

Each year the Audit Committee evaluates the qualifications, performance and independence of our independent registered public accounting firm and determines whether to reengage the current firm. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the independent registered public accounting firm, its capabilities, its technical expertise, its knowledge of our operations and the appropriateness of its fees for audit and non-audit services. Based on this evaluation, the Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm to examine our consolidated financial statements and internal controls over financial reporting for fiscal year 2018. In addition, the Audit Committee is directly involved in selecting the lead audit engagement partner whenever a rotational change is required, normally every five years. Our company’s lead audit engagement partner was most recently changed for the fiscal year 2017 audit.

Our financial and senior management supervise our systems of internal controls and the financial reporting process. Our independent registered public accounting firm performs an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and expresses an opinion on these consolidated financial statements. In addition, our independent registered public accounting firm expresses its own opinion on the company’s internal control over financial reporting. The Audit Committee monitors these processes.

The Audit Committee has reviewed and discussed with both the management of the company and our independent registered public accounting firm our audited consolidated financial statements for the fiscal year ended September 1, 2018, as well as management’s assessment and our independent registered public accounting firm’s evaluation of the effectiveness of our internal controls over financial reporting. Our management represented to the Audit Committee that our audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee discussed with our internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the company’s Director of Internal Audit and the independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of our internal controls, including internal control over financial reporting, and the overall quality of our financial reporting.

The Audit Committee also discussed with our independent registered public accounting firm the matters required to be discussed by our independent registered public accounting firm with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board. The Audit Committee has also received the written disclosures and the letter from our independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independence of that firm. The Audit Committee has also considered whether the provision of non-audit services by our independent registered public accounting firm is compatible with maintaining the independence of the auditors. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. All audit and permissible non-audit services performed by our independent registered public accounting firm during fiscal year 2018 and fiscal year 2017 were pre-approved by the Audit Committee in accordance with established procedures.

Based on the reviews and discussions referred to above, the Audit Committee recommended to our Board (and our Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 1, 2018, which was filed with the SEC on October 30, 2018.

Executive Summary

Fiscal 2018 Performance Highlights

In fiscal year 2018, we generated strong operating results in a strengthening macro-economic environment. At the same time, we completed the company's transition from a spot buy supplier to a mission critical partner on manufacturing floors across North America. By focusing on products and services that are technical and high-touch, we have cemented our leadership in metalworking and gained solid traction in the Class C VMI space. We also established a new platform in OEM fasteners. Most recently, we transitioned our sales force to deliver upon the new, more complex and high-touch role that we play for our customers to enable our customers to achieve higher levels of growth, productivity, and profitability. Our operating performance in fiscal 2018 was highlighted by the following achievements:

- diluted earnings per share increased to \$5.80 from \$4.05 in fiscal 2017;
- we continued to build stronger partnerships with our customers, providing deep technical expertise across the industries that we serve, and optimizing our customers' operations with inventory management and other supply chain solutions;
- we generated \$339.7 million of cash from operations in fiscal 2018;
- we paid out \$125.4 million in cash dividends, increasing our dividend per share twice during fiscal 2018; and
- we completed the acquisition of All Integrated Solutions ("AIS") in April 2018.

Net sales increased 10.9% to \$3.20 billion in fiscal 2018 from \$2.89 billion in fiscal 2017. Average daily sales (ADS), including acquisitions, increased 10.5% in fiscal 2018, as compared to fiscal 2017. Even as our operating expenses increased due to the acquisitions of DECO Tool Supply in our fourth quarter of fiscal 2017 and AIS in our third quarter of fiscal 2018, our operating expenses as a percentage of sales decreased to 30.4% of net sales for fiscal 2018, compared to 31.4% of net sales for fiscal 2017, with productivity and leverage contributing to this favorable outcome. Operating income in fiscal 2018 was \$420.6 million, representing an increase of 11.0% from operating income of \$379.0 million in fiscal 2017. For fiscal 2018, the company achieved diluted earnings per share of \$5.80 versus \$4.05 in fiscal 2017.

Fiscal 2018 Compensation Highlights

Consistent with our pay-for-performance compensation philosophy, the Compensation Committee of our Board (referred to in this discussion as the Committee) took the following key actions with respect to NEO compensation for fiscal 2018:

- **Bonus Payouts Above Target.** Based on company performance against target performance goals and achievement levels of each NEO's individual goals and objectives (G&Os) under our performance bonus plan, and the Committee's determination of the appropriate individual performance multiplier, payouts under our performance bonus plan were 113.3% of target for Mr. Gershwind, 107.1% for Messrs. Jilla, Jones and Armstrong, and 117.8% of target for Mr. Baruch.
- **CEO Total Cash Compensation Approximated Market 75th Percentile; Other NEOs At or Below Market Median.** Total actual cash compensation for Mr. Gershwind approximated the 75th percentile of the competitive market data developed by our independent compensation consultant. Messrs. Jilla's, Jones' and Baruch's total cash compensation approximated the 50th percentile of the competitive market data, and Mr. Armstrong's total cash compensation approximated the 25th percentile of the competitive market data.
- **CEO Total Direct Compensation ("TDC") Below Market 25th Percentile; Other NEOs Generally At or Below Market Median.** We calculate TDC as the sum of fiscal year end base salary, actual annual performance bonuses and long-term equity awards (and in the case of Mr. Jilla, we also annualize his special new hire grant of restricted shares made in fiscal 2015 over its five-year vesting period, which is consistent with the market data methodology). For fiscal 2018, Mr. Gershwind's TDC was 7.8% below the 25th percentile of the competitive market data; Mr. Jilla's TDC approximated the 50th percentile; Mr. Jones' TDC was between the median and 75th percentile; Mr. Armstrong's TDC approximated the 25th percentile; and Mr. Baruch's TDC approximated the 50th percentile of the competitive market data.

The table below illustrates how our compensation is aligned with our performance by showing the total cash compensation and total direct compensation for each of our NEOs in fiscal 2018 and the competitive positioning of our NEOs' total cash compensation and total direct compensation against the competitive market data:

Named Executive Officer	Fiscal 2018 Total Cash Compensation (\$) ⁽¹⁾	Competitive Positioning ⁽²⁾ of Total Cash Compensation	Fiscal 2018 Total Direct Compensation (\$) ⁽³⁾	Competitive Positioning ⁽²⁾ of Total Direct Compensation
Erik Gershwind	2,448,753	approx. 75 th percentile	4,448,740	<25 th percentile
Rustom Jilla	893,010	approx. 50 th percentile	1,742,993	approx. 50 th percentile
Douglas Jones	656,702	approx. 50 th percentile	1,206,681	between 50 th & 75 th percentiles
Steve Armstrong	632,699	approx. 25 th percentile	1,107,684	approx. 25 th percentile
Steven Baruch	579,065	approx. 50 th percentile	978,989	approx. 50 th percentile

(1) Total cash compensation is calculated as the sum of (i) base salary in effect as of the fiscal year end and (ii) actual annual performance bonus.

(2) Please see "**Competitive Positioning**" beginning on page 51 for information about our peer companies and our competitive market data.

(3) Total direct compensation is calculated as the sum of (i) base salary (see Note 1 above), (ii) actual annual performance bonus (see Note 1 above) and (iii) long-term equity awards granted in fiscal 2018 (and, in the case of Mr. Jilla, also includes 20% of the grant date value of his special new hire grant of restricted shares made in fiscal 2015).

Compensation Philosophy and Objectives

We believe that the quality, skills and dedication of our executive officers are critical factors affecting the company's performance and, therefore, long-term shareholder value. Our key compensation goals for our associates, including the NEOs, are to:

- create a performance driven culture based on personal accountability by linking rewards to company and individual performance;
- provide a market competitive compensation opportunity to enable the company to attract, retain and motivate highly talented associates; and
- align our executives' interests with those of our shareholders.

Accordingly, in determining the amount and mix of compensation, the Committee seeks to provide a market competitive compensation package, structure annual and long-term incentive programs that reward achievement of performance goals that directly correlate to the enhancement of sustained, long-term shareholder value, and promote executive retention.

The following table provides information about the key elements of our 2018 compensation programs:

Compensation Element	Description	Key Objectives

The Committee does not maintain policies for allocating among short-term and long-term compensation or among cash and non-cash compensation. Instead, the Committee maintains flexibility and adjusts different elements of compensation based upon its evaluation of the company's key compensation goals. As a general matter, the Committee seeks to utilize equity-based awards to motivate executives to enhance long-term shareholder value and manage the dilutive effects of equity compensation through the company's share repurchase program.

While compensation levels may differ among NEOs based on competitive factors and the role, responsibilities and performance of each NEO, there are no material differences in the compensation philosophies, objectives or policies for our NEOs. However, as an executive assumes more responsibility, a greater percentage of total target cash compensation is allocated to annual performance bonus compensation, and a greater percentage of total direct compensation is allocated to equity compensation. The Committee does not maintain a policy regarding internal pay equity, but the Committee considers internal pay equity as part of its overall review of our compensation programs.

Alignment with Compensation Best Practices

The Committee reviews our compensation programs, competitive market data and best practices in the executive compensation area. In past years, the Committee has recommended, and our Board has approved, changes in our compensation policies and practices to align with best practices. Key features of our compensation programs that the Committee believes align with best practices in executive compensation are as follows:

HIGHLIGHTS OF EXECUTIVE COMPENSATION PRACTICES

What We Do	What We Don't Do
 We benchmark executive compensation against market data developed by FW Cook, our independent compensation consultant. Peer companies are reviewed by the Committee annually to assure their appropriateness for benchmarking executive compensation.	 We do not provide employment agreements. No NEO has an employment agreement.
 We generally target the fixed and variable elements of our executives' compensation at the median of the market data.	 We do not provide unusual or excessive perquisites.
 We use a pay-for-performance executive compensation model, with a significant portion of executive compensation at-risk and/or long-term.	 Our change in control agreements and executive change in control severance plan do not provide for tax "gross-ups."
 We grant RSUs and stock options with extended vesting periods, which promote retention and motivate our executives to create sustained, long-term shareholder value.	 We do not have "single trigger" accelerated vesting of equity awards upon a change in control.
 We regularly review senior level promotion and succession plans, including for the CEO position.	 We do not maintain executive pension plans or supplemental executive retirement plans, nor do we provide our executives with deferred compensation arrangements.
 We maintain a reasonable share burn rate. During fiscal year 2018, our burn rate was 1.08%; our 3-year average burn rate for fiscal 2016 through fiscal 2018 was 1.21%.	 Our equity incentive plans expressly prohibit option repricing (including cash buyouts) of underwater options and share recycling for options and stock appreciation rights.
 We maintain a clawback policy to recoup incentive compensation in the event of a significant financial restatement (whether or not a covered officer engaged in misconduct), as well as in cases of breach of non-competition and other covenants.	 We prohibit our associates and non-executive directors from engaging in hedging transactions in company stock, trading options or other derivatives, or pledging or holding company shares in margin accounts. We strictly limit pledging of company stock as collateral for non-margin account loans.
 We maintain a formal investor relations outreach program to solicit the views of institutional shareholders on a variety of topics, including executive compensation, and consider shareholder advisory votes and views in determining our executive compensation policies.	
 We maintain stock ownership guidelines for executives, other senior officers and non-executive directors.	

Shareholder Engagement and “Say on Pay” Vote

We are committed to engaging with our shareholders. We maintain a formal investor relations outreach program to solicit the views of institutional shareholders on a variety of topics, including executive compensation. As part of this program, our senior management and investor relations team regularly meet with institutional investors. During fiscal year 2018, our senior management and investor relations team met with many institutional investors, including all of our top 25 investors with actively managed funds, through investor conferences, investor roadshows, in-person meetings and telephone conferences.

We are also committed to continued engagement between shareholders and the company through the formal “say on pay” advisory vote on executive compensation. At our 2018 Annual Shareholders Meeting held on January 25, 2018, the advisory vote received the support of 98.7% of the votes cast at the annual meeting. In its review of our executive compensation programs, the Committee carefully considered the results of the 2018 advisory vote on executive compensation. As previously disclosed, we plan to hold the “say on pay” advisory vote on an annual basis. In addition, we continually monitor the views of our major institutional shareholders to assure alignment of our compensation practices with our institutional shareholders’ standards. The Committee will consider feedback from our shareholders along with the results of the “say on pay” advisory vote as it completes its annual review of each pay element and the total compensation packages for our NEOs with respect to the next fiscal year.

Compensation Committee

The Committee is directly responsible for determining, in consultation with our Board, the goals and objectives of our executive compensation programs and for the ongoing review and evaluation of our compensation programs to determine whether our compensation programs are achieving their intended objectives. The Committee also evaluates the design and mix of our compensation programs and makes adjustments, as appropriate, to achieve our compensation philosophy. In consultation with our Board, the Committee has primary responsibility for overseeing and approving all compensation matters relating to, and setting the compensation levels of, the NEOs and our other executive officers and senior officers. The Committee also administers our equity compensation plans. Members of management and independent consultants provide input and recommendations to the Committee, but decisions are ultimately made by the Committee.

How Compensation Decisions Are Made

Each August, the Committee receives a formal presentation from FW Cook, its independent compensation consultant, on the competitiveness of the company's compensation programs, as well as its alignment with the company's compensation objectives. Based on the benchmarking data prepared by the Committee's independent compensation consultant and the consultant's evaluation of the company's compensation programs, our Human Resources department, with input from our Chief Executive Officer and Chief Financial Officer, compiles management's recommendations for our annual performance bonus plan and equity award grants for the upcoming fiscal year. The Committee generally meets in September to review and consider the preliminary management recommendations and makes its final compensation decisions at its October meeting when the company's fiscal year financial results are being considered by our Board. At its October meeting, the Committee also reviews achievement of the prior fiscal year's annual performance bonus plan financial metrics and each NEO's G&Os, and approves the annual bonus payouts. Base salary adjustments are made for our executive officers and other senior officers at the time of their individual performance reviews. Depending on company or individual circumstances, the Committee also may make other compensation decisions during the year.

Role of Executive Officers in Compensation Decisions

As part of its process, the Committee meets with our Chief Executive Officer and our Chairman to obtain recommendations with respect to the structure of our compensation programs and compensation decisions, including the performance of individual executives. The Committee obtains our Chairman's input on the compensation of our Chief Executive Officer, and our Chief Executive Officer provides the Committee with input on the compensation of the other NEOs and other executive officers and senior officers. Our Human Resources department collects and analyzes relevant data, including comparative compensation data prepared by FW Cook, which is used by the Committee to inform compensation decisions.

Compensation Consultant

The Committee has the sole authority to retain and terminate any third-party compensation consultant and to obtain advice and assistance from internal and external legal, accounting and other advisors. Since 2009, the Committee has relied on competitive market data and analysis prepared by its independent compensation consultant, FW Cook. To assist the Committee with its compensation decisions, FW Cook recommends to the Committee peer companies and general industry survey data for benchmarking, and provides competitive compensation data, benchmarking and analysis relating to the compensation of our Chief Executive Officer and other executives and senior officers based on such market data. Please see the section below “**Competitive Positioning**” beginning on page 51 for information about our peer companies and our competitive market data. FW Cook also furnishes the Committee with competitive compensation data and analysis for non-executive directors. In addition, FW Cook assists the Committee with its risk assessment of our compensation programs, and advised on the methodology used for our 2018 CEO pay ratio disclosure. FW Cook has not provided any other services to the company and will not provide any other services to the company without the approval of the Committee.

Summary of Fiscal Year 2018 Compensation Decisions

The Committee believes that management skillfully executed our business plan to complete the company's transition from a spot buy supplier to a mission critical partner on manufacturing floors across North America. Management also established a new platform in OEM fasteners with the acquisition of AIS and transitioned our sales force to deliver upon the new, more complex and high-touch role that we play for our customers to enable our customers to achieve higher levels of growth, productivity, and profitability. Our results in fiscal 2018 reflected a strengthening macro-economic environment, as well as strong execution by management. Organic revenue growth and adjusted operating margin, as computed for purposes of our annual performance bonus plan, exceeded target levels. The Committee determined that each NEO achieved or exceeded his individual goals, and overall individual performance for each NEO was good or strong.

Based on company and individual performance, the Committee believes that compensation levels for fiscal year 2018 were appropriate and consistent with the philosophy and objectives of the company's compensation programs. The following summarizes fiscal 2018 compensation results:

- base salaries generally approximated the median of the competitive market data, with the exception of Mr. Gershwind, whose base salary remained below the market 25th percentile;
- based on company performance against target performance goals and achievement levels of each NEO's individual goals and objectives (G&Os) under our performance bonus plan, and the Committee's determination of the appropriate individual performance multiplier, payouts under our performance bonus plan were 113.3% of target for Mr. Gershwind, 107.1% for Messrs. Jilla, Jones and Armstrong, and 117.8% of target for Mr. Baruch;
- total cash compensation for Mr. Gershwind approximated the 75th percentile of the competitive market data; total direct compensation for Mr. Gershwind was 7.8% below the 25th percentile of the competitive market data; and
- total cash compensation for Messrs. Jilla, Jones and Baruch approximated the 50th percentile of the competitive market data; total direct compensation for Messrs. Jilla and Baruch also approximated the 50th percentile of the competitive market data, while total direct compensation for Mr. Jones was between the 50th percentile and 75th percentiles of the competitive market data; total cash compensation and total direct compensation for Mr. Armstrong approximated the 25th percentile of the competitive market data.

Elements of Compensation

We allocate compensation among the following components for our NEOs:

- base salary;
- annual performance bonuses;
- stock-based compensation in the form of stock options and RSUs; and
- other benefits.

Base Salary

Base salaries for our executive officers are established based on the scope of their responsibilities and considering competitive market compensation paid by other companies for similar positions, as well as salaries paid to the executives' peers within the company. Base salaries are reviewed each year in connection with the executives' performance evaluations and may be adjusted based on competitive market data, individual performance and promotions or changed responsibilities. The Committee seeks to target base salary levels at or below the market median. However, in individual cases, base salary levels may differ based upon the executive's experience, individual performance and other considerations. In fiscal 2018, all NEO base salaries were increased approximately 3.0%, consistent with the overall budget for base salary increases for executive and senior officers, except that Mr. Jilla's base salary remained the same due to executive base salary increases (other than the CEO's) moving to a common review date in November. Mr. Gershwind's base salary was increased from \$726,884 to \$748,690, effective January 1, 2018, and remains below the market 25th percentile. Mr. Jilla's base salary remained at \$503,928, approximating the median of the market data. Mr. Jones' base salary was increased from \$400,083 to \$413,285, approximating the market median. Mr. Armstrong's base salary was increased from \$400,062 to \$412,064, between the 25th percentile and median of the market data. Mr. Baruch's base salary was increased from \$340,000 to \$351,400, approximating the median of the market data.

Annual Performance Bonus Program

For fiscal year 2018, we measured financial performance under our annual performance bonus plan based on two financial metrics — organic revenue growth percentage and operating margin, weighted at 37.5% each. These were the same financial metrics that we used for our annual performance bonus plan in fiscal year 2017. In fiscal year 2017, we changed the design of our annual performance bonus plan to reward performance relative to the Metalworking Business Index (“MBI”). As we have noted, a high percentage of our sales are to the U.S. manufacturing sector, and therefore a high correlation exists between trends in our customers’ activity and changes in the MBI Index. As previously disclosed, we determined that setting payout levels for financial metrics in different MBI scenarios does not appropriately measure and reward company performance. As a result, our performance bonus plan for fiscal 2018 fixed payout levels based on achievement of financial metrics measured against our fiscal 2018 operating plan and is not relative to the MBI.

As in previous years, the remaining 25% of the target bonus opportunity was based on the achievement of individual G&Os. In addition, award opportunities were subject to an individual performance multiplier. Maximum bonus payouts are capped at 200% of target.

Bonus award opportunities are designed to provide market based, competitive award opportunities with target amounts designed to result in total cash compensation approximating the median of the market data and payouts at stretch performance designed to result in total cash compensation approximating the 75th percentile of the market data. The Committee retains discretion to reduce annual bonus payouts below the amounts otherwise payable under the performance bonus program where it determines that bonus amounts are not reflective of company and individual performance. For threshold, target and maximum dollar amounts of performance bonus opportunities under our performance bonus program for the NEOs, please see the **Fiscal Year 2018 Grants of Plan-Based Awards** table on page 59 of this proxy statement.

Company Financial Metrics

Company financial metrics are established by the Committee based on the company’s business plan, as reviewed and approved by the Committee, and consistent with analysts’ consensus expectations. For fiscal 2018, company financial metrics were:

- organic revenue growth (year-over-year); and
- operating margin.

The Committee continued with the same financial metrics as in prior fiscal years because these two financial metrics remain two of the most important drivers of value creation for our shareholders and the Committee believes there is a benefit in keeping consistency in metrics year to year.

In setting award opportunities, the plan provides for four payout levels based on achievement of company financial metrics, as follows:

- threshold — payout at 25% of target based on minimum level of performance;
- target — payout at target based on achievement at target levels, which are aligned with our budget;
- stretch performance — payout at 125% of target based on achievement of stretch goals that represent market leading performance, and intended to provide total cash compensation levels approximating the 75th percentile of the market data; and
- maximum — payout at 160% of target based on superior performance.

The following table sets forth the payout level opportunities available for our NEOs in fiscal 2018 for each company financial metric as a percentage of the target award (with each financial metric having a weighting of 37.5%) based on different levels of performance. No payout for any financial metric is made if the threshold performance level for that financial metric is not achieved. For performance between the different payout levels indicated below, straight-line interpolation is used to arrive at the actual payout:

	Organic Revenue Growth (%)	Operating Margin (%)	Payout of Each Metric as a % of Target
Threshold.	5.2	12.3	9.4
Target.	9.3	13.1	37.5
Stretch.	11.3	13.5	46.9
Maximum.	13.3	14.1	60.0

Actual Financial Performance vs. Target Goals

The table below shows the actual performance for the company financial metrics versus target:

	Target	Actual	Payout of Each Metric as a % of Target
Organic Revenue Growth (%)	9.3	9.7	39.3
Operating Margin (%)	13.1	13.3	42.7

In calculating year-over-year organic revenue growth, we did not include post-acquisition sales of AIS, which we acquired on April 30, 2018. In addition, we adjusted for fiscal 2018 having one additional sales day, which had the effect of decreasing our year-over-year organic revenue growth from 10.1% to 9.7%. In calculating operating margin, we excluded the results of AIS, as well as acquisition-related costs incurred, which had the effect of increasing operating margin from 13.1% to 13.3%. Consistent with prior practice, the Committee set the targets to exclude these items to achieve comparability and the incentive purpose of the annual performance bonus program.

Individual Goals and Objectives (G&Os)

Achievement of individual G&Os has a 25% weighting in our performance bonus plan. Individual G&Os are established annually and include strategic initiatives with both financial and non-financial goals. Executives are evaluated based upon achievement of these goals. At the end of each year, our CEO evaluates performance against the pre-established individual objectives for officers other than himself and submits a recommendation to the Committee. The Committee evaluates our CEO's performance against his pre-established individual objectives. Based on the Committee's evaluation of the CEO and the CEO's recommendations, the Committee determines and approves the achievement and payout level of the G&Os for each executive officer. The following table sets forth the payout level opportunities for our NEOs as a percentage of the target award for the individual G&Os based on different levels of performance. No payout is made if the threshold (partially meets) performance level is not achieved:

Individual G&Os Performance Levels	Payout as a % of Target
Partially meets.	18.75
Achieves	25.0
Exceeds.	31.25
Greatly Exceeds	40.0

Achievement of Individual G&Os

For fiscal 2018, the Committee determined that Mr. Gershwind exceeded achievement of his individual G&Os, resulting in a payout of 31.25% of target, and each other NEO achieved his individual G&Os, resulting in a payout of 25% of target. The Committee considered each NEO's individual performance goals and performance, including the following:

- *Erik Gershwind* — Drove the fiscal 2018 operating plan to continue to grow market share, cement our leadership position in our core business of metalworking, as well as to gain solid traction in the Class C VMI space. Established a new platform in OEM Fasteners through our acquisition of AIS. Built upon our success in inventory management channels by continued expansion of vending and VMI. Redesigned our sales force to better serve our customers as a mission critical partner. Migrated our sales force from one designed to sell a spot buy value proposition to one that is prepared to deliver upon the new, more complex and high-touch role that we play for our customers to enable them to achieve higher levels of growth, productivity and profitability.
- *Rustom Jilla* — Built plan and drove business to grow operating margin. Cultivated our M&A pipeline and completed AIS acquisition. Improved operating discipline across our company with project pre-investment evaluations, tighter project management including DECO integration, operating expense controls and by driving accountability. Continued to strengthen our Finance team and develop talent. Served as a spokesperson to the investor community.
- *Douglas Jones* — Implemented next phase of multi-year IT Roadmap on-time and on-budget, including SAP success factors and new sales force compensation system. Optimized consolidation of internal managed inventory and vending supply solutions to improve service, efficiency and profitability of supply chain. Provided customers with technology tools to optimize their supply chain costs, drive competitive advantage and leverage their data. Focused on succession planning.
- *Steve Armstrong* — Negotiated and successfully closed the acquisition of AIS. Positioned our company to leverage knowledge gained from current acquisition to develop repeatable formula for future acquisitions. Resolved successfully several major contract disputes. Continued to develop a succession plan and bench strength.
- *Steven Baruch* — Developed pricing strategies and launched related tools to positively impact revenue and gross margin. Reorganized Marketing and Category Management functions to align with our Strategic Plan, provide leverage opportunities and better position us for succession planning. Successfully led our Direct Marketing function.

Individual Performance Multiplier

Payout levels based on achievement of the company financial metrics and individual G&Os are subject to an individual performance multiplier. We designed our performance bonus plan with this individual performance multiplier to provide greater weighting based on individual performance, consistent with our performance based compensation philosophy. The individual performance multiplier evaluation differs from the evaluation of individual G&Os and is based on an evaluation of the executive's overall leadership and effectiveness. Based on the Committee's evaluation of the CEO and the CEO's recommendations, the Committee determines and approves the individual performance multiplier for each executive officer. The individual performance multiplier is as follows:

Performance	Payout
Does Not Meet.	0%
Partial	50%
Good	100%
Strong	110%
Outstanding	125%

As set forth in the following section, the Committee determined an individual performance multiplier of 100% for each of the NEOs other than Mr. Baruch whose individual performance multiplier was determined to be 110%.

Fiscal 2018 Performance Bonuses for NEOs

The following table summarizes the computations for the NEOs' performance bonuses for fiscal 2018:

NEO	Target Bonus Amount (A) (\$)	Financial Metrics (B) (\$)	Individual G&Os (C) (\$)	Individual Performance Multiplier (D)	2018 Actual Bonus (E)= (B+C)x(D) (\$)	2018 Actual Bonus As % Target
Erik Gershwind	1,500,000	1,231,313	468,750	100%	1,700,063	113.3
Rustom Jilla	363,332	298,250	90,833	100%	389,083	107.1
Douglas Jones	227,307	186,590	56,827	100%	243,417	107.1
Steve Armstrong	206,032	169,127	51,508	100%	220,635	107.1
Steven Baruch	193,270	158,651	48,317	110%	227,665	117.8

The Committee retains discretion to reduce annual bonus payouts below the amounts otherwise payable under the performance bonus program where it determines that bonus amounts are not reflective of company and individual performance. The Committee did not make any such adjustments for fiscal year 2018.

Annual bonus awards for the NEOs were made under our shareholder-approved 2015 Omnibus Incentive Plan. Awards under the plan were made at levels of 1% of EBIT for our CEO and 0.6% of EBIT for other executive officers, subject to the Committee's exercise of discretion to reduce the actual payouts. Consistent with the Committee's policy, the Committee exercised its discretion to reduce the payouts under the awards so that actual payouts were equal to the payouts determined under our 2018 annual performance bonus program.

The Committee believes that bonuses awarded under our annual performance bonus program appropriately reflected the company's performance and appropriately rewarded the performance of the NEOs.

Long-Term Stock-Based Compensation

The Committee grants stock options and RSUs under our 2015 Omnibus Incentive Plan to provide competitive compensation, promote retention, and align the interests of our executives with those of our shareholders. We believe that providing combined grants of stock options and RSUs effectively focuses our executives on delivering long-term value to our shareholders. Stock options motivate our executives to increase shareowner value because the options only have value to the extent the price of MSC stock on the date of exercise exceeds the stock price on the date of grant, and thus compensation is realized only if the company's stock price increases over the term of the award. RSUs reward and retain the executives by offering them the opportunity to receive MSC shares on the date the restrictions lapse so long as they continue to be employed by the company. Dividends are not paid on unvested RSUs; instead, dividend equivalent units accrue on unvested RSUs and vest at the same times as the underlying RSUs. The Committee does not have a fixed policy on allocating between options and RSU awards, but seeks to balance the retentive value of RSU awards which have a more stable value as compared with options. The mix of fiscal year 2018 grants was 55% RSUs and 45% stock options, based on their respective grant date values.

The Committee's policy is for stock options to vest in four equal increments on each of the first four anniversary dates of the date of grant, which is longer than the median 3-year vesting period of our peer companies, and for stock options to have terms of seven years. For grants of RSUs, the Committee's policy provides for vesting in five increments of 20% on each of the first through fifth anniversaries of the grants, which also is longer than the median 3-year vesting period of our peer companies. The Committee believes that this aspect of our equity compensation package promotes executive retention and management stability, and fosters focus on long-term growth aligned with building shareholder value.

In granting equity awards, the Committee takes into consideration the dilutive effect on earnings to our shareholders once the shares are issued or vested, and we seek to mitigate this effect by repurchasing shares from time to time under the company's share buyback program. We also evaluate and benchmark the company's annual equity grants as a percentage of outstanding shares and the fully diluted overhang of outstanding equity awards plus shares available for grant. Our burn rate (or the number of shares of Class A common stock subject to equity awards granted during the fiscal year as a percentage of the weighted-average outstanding shares of common stock) for fiscal 2018 was 1.08%, between the median and 75th percentiles of our peer companies; our 3-year average burn rate for fiscal 2016 through fiscal 2018 was 1.21%, above the 75th percentile of our peer companies. Our fully diluted equity overhang as of the fiscal 2018 year end was between the 25th percentile and the median of our peer companies. Our fully diluted overhang attributable to grants outstanding as of the fiscal 2018 fiscal year end also was between the 25th percentile and the median of our peer companies.

As discussed below under “***Change of Control Arrangements***,” the vesting of unvested stock options, restricted stock and RSUs only accelerates if there is both a change in control of the company and if such awards are not continued, assumed or substituted in connection with the transaction or if there is a termination of employment without cause (or for executives with change in control agreements or who participate in our executive change in control severance plan, a termination by the executive for good reason) within one year (two years for executives with change in control agreements or who participate in our executive change in control severance plan) following the change in control. Because there is no acceleration of awards unless there is both a change in control and either the awards would be terminated or the grantee's employment is terminated following the change in control, our outstanding equity awards are subject to “double trigger” accelerated vesting.

Equity Grants During Fiscal Year 2018

The number of stock options and RSUs granted to the NEOs in fiscal year 2018, and the grant-date fair value of these awards determined in accordance with FASB ASC Topic 718, are shown in the **Fiscal Year 2018 Grants of Plan-Based Awards** table on page 59 of this proxy statement. Equity awards granted in October 2017 were benchmarked against the competitive market data and resulted in target total direct compensation approximating the 25th percentile for Mr. Gershwind, approximating the median for Messrs. Jilla and Baruch, between the median and 75th percentile for Mr. Jones, and between the 25th percentile and the median for Mr. Armstrong.

Administration of Equity Award Grants

The Committee grants options with exercise prices set at the market price on the date of grant, based on the closing market price on the date of grant. Our current policy is that options and RSU awards to executive officers and other senior officers are granted on an annual basis at the October meeting of the Committee, which occurs when our Board reviews annual financial results and when the Committee completes its annual compensation review process. The approval process specifies:

- the individual receiving the grant;
- the dollar value of options, with the number of options to be determined based on a Black-Scholes valuation; and
- the dollar value of RSUs, with the number of RSUs to be determined based on the closing price of our shares on the date of grant.

Grants for associates other than officers also are approved by the Committee, and the Committee does not delegate authority for making grants to any member of management. Our current policy provides that off-cycle grants and promotion and new hire grants may be approved at regularly scheduled or special Committee meetings. We do not time our equity award grants relative to the release of material non-public information.

Hedging Policy; Pledging

Under our insider trading policy, short-selling, margin transactions, trading in exchange-traded options and engaging in hedging transactions such as prepaid variable forward contracts are prohibited with respect to our common stock. Our insider trading policy also prohibits pledging company shares in margin accounts. Associates and directors may only pledge company shares as collateral for a loan outside of a margin account up to 10% of their ownership of company shares (excluding options and unvested RSUs and restricted shares), provided that shares required to be held pursuant to our stock ownership guidelines may not be pledged. Our Nominating and Corporate Governance Committee retains discretion to permit limited exceptions to the 10% restriction. None of our executive officers or directors currently has pledged any company shares.

Benefits and Perquisites

We provide our executives with certain health and insurance benefits, as well as travel and other perquisites. Our executives can participate in our 401(k) plan (which includes company matching contributions of 50% up to the first 6% of a participant's contributions), our Associate Stock Purchase Plan and our health benefit and insurance programs on the same basis as our associates. We also provide our executives with either a car allowance or a leased vehicle.

We do not provide any other executive perquisites such as supplemental life insurance, financial planning, country club membership, or special health benefits.

Change of Control Arrangements

Our current NEOs, other than Mr. Baruch, are parties to “change in control” severance agreements, and Mr. Baruch participates in our executive change in control severance plan. For a description of our executives’ change in control agreements, please see the section entitled “***Executive Compensation — Potential Payments Upon Termination or Change in Control***” beginning on page 64 of this proxy statement.

We believe that such arrangements are important to promote the stability of our business and our key personnel during the transition period surrounding a change in control transaction, and to keep our executives focused on the business rather than on their employment prospects. These arrangements serve to assure the retention of key executives in order to successfully execute a change of control transaction. To this end, the change of control benefits only are provided if the executive remains with the company through the change of control and if there is a termination of employment without cause or by the executive for good reason, commonly referred to as a “double trigger.” Please see the section entitled “***Executive Compensation — Potential Payments Upon Termination or Change in Control — Change in Control Arrangements***” beginning on page 64 of this proxy statement.

As discussed in more detail in the section entitled “***Executive Compensation — Potential Payments Upon Termination or Change in Control — Equity Award Plans***” on page 65 of this proxy statement, since January 2006, all stock options and RSU and restricted stock awards have been made under our 2005 and 2015 Omnibus Incentive Plans. Under our Omnibus Incentive Plans, in the event of a change in control transaction pursuant to a merger agreement, outstanding stock options and restricted stock and RSU awards shall be continued, assumed or substituted if so provided in the merger agreement. If the merger agreement does not provide for continuation, assumption or substitution of equity awards, the vesting of outstanding options shall accelerate and the restrictions applicable to all restricted stock and RSU awards shall lapse. In addition, following any change in control, if an associate’s employment is terminated without cause within one year following the change in control, vesting shall also accelerate. For executive officers with change in control agreements or who participate in our executive change in control severance plan, the protection period is extended to two years and vesting also accelerates in cases of termination by the executive for good reason. The Committee believes that these provisions provide our Board with appropriate flexibility to address the treatment of options and restricted stock and RSU awards in a merger or similar transaction that is approved by our Board, while providing appropriate protections to our executives and other associates in transactions which are not approved by our Board. Because there is no acceleration of awards unless there is both a change in control and either the awards are terminated or the grantee’s employment is terminated following the change in control, our outstanding equity awards are subject to “double trigger” accelerated vesting.

Executive Severance Plan

Under our Executive Severance Plan, adopted in October 2016, Vice Presidents, Senior Vice Presidents and Executive Vice Presidents of the Company are eligible to receive certain severance benefits in the event of limited qualifying termination events. Please see the section entitled “***Executive Compensation — Potential Payments Upon Termination or Change in Control — Executive Severance Plan***” on page 66 of this proxy statement.

Competitive Positioning

In determining the amounts of base salary, performance bonus plan opportunities and stock-based compensation for the NEOs, and other executive officers and senior officers, the Committee reviewed and benchmarked the compensation levels of the NEOs and other executive officers and senior officers against competitive market data developed by FW Cook. Market data developed by FW Cook was comprised of peer group compensation data for the CEO, CFO and three other most highly compensated executives, as reported in the proxy statements of peer companies, together with compensation data by functional position derived from two third-party general industry surveys, with the peer data and industry surveys each weighted one-third for the NEOs. Survey data for each position was based on functional matches and interpolated using MSC's revenue.

In developing our peer group of companies, FW Cook consults with the company's Human Resources department and the Committee to identify companies similar in size and business mix. In addition, by balancing the peer company data with compensation data from two broad general industry surveys, the Committee believes that the benchmarking data is more representative of the market place for executive talent and less subject to distortion.

Peer companies and the two broad general industry survey sources were the same as used for fiscal 2017. In this Compensation Discussion and Analysis, references to our NEOs' actual fiscal 2018 compensation in relation to the market data are based on the market data presented by FW Cook to the Committee in August 2018. The Committee believes that the competitive market data compiled by FW Cook provides an appropriate benchmarking resource.

The fiscal 2018 peer group is listed in the chart below, together with comparative information about revenue, net income, market capitalization, total assets and number of employees compiled by FW Cook based on publicly available information:

The Committee generally seeks to set base salary, total target cash compensation (the sum of base salary and target annual performance bonus) and total target direct compensation (the sum of total target cash compensation and long-term equity compensation) at the median, or 50th percentile, of the market data. Total cash compensation based on achievement of stretch performance goals under our performance bonus generally is targeted to approximate the 75th percentile of the market data. Long-term equity compensation in the form of stock options and RSUs generally are targeted to approximate the median of the market data. The Committee believes that this competitive positioning is consistent with the goals of the company's compensation programs, by linking pay to performance and providing top-tier compensation only when the company achieves superior performance.

Executive Incentive Compensation Recoupment Policy

Upon recommendation of the Committee, our Board adopted in October 2009 an Executive Incentive Compensation Recoupment Policy. The policy covers all executive officers of the company, as well as the company's corporate controller, and applies to incentive awards under our annual performance bonus plan and equity awards under our equity plans, granted or awarded after the adoption of the policy. The policy provides our Board with discretion to obtain recoupment of awards as follows:

- in the event of a significant restatement of financial results, other than as a result of a change in accounting principles (a "Restatement"), the Board may recoup cash incentive bonuses and equity awards that were paid or that vested to the extent that the amount paid or that vested would have been lower if the financial results had been properly reported;
- in the event of a Restatement where a covered officer engaged in misconduct that caused or partially caused the need for the Restatement, the Board may take any or all of the following actions with respect to such covered officer: (i) recoup all cash incentive bonuses and equity awards that were paid or that vested based upon the achievement of financial results that were subsequently reduced due to the Restatement, (ii) cancel outstanding equity awards, (iii) recoup any shares received from the vesting or exercise of equity awards, and (iv) recoup any net proceeds from any sale of shares upon or following the vesting or exercise of equity awards; and
- in the event that following termination of employment, a covered officer breaches his or her non-competition, non-solicitation or non-disclosure covenants owed to the company, the Board may take any or all of the following actions with respect to such covered officer: (i) cancel outstanding equity awards, (ii) recoup any shares received from the vesting or exercise of equity awards during the period beginning two years before and ending two years after the covered officer's termination of employment, and (iii) recoup any net proceeds from any sale of shares upon or following the vesting or exercise of equity awards during the period beginning two years before and ending two years after the covered officer's termination of employment.

The Board may only seek recoupment in cases of a Restatement if either the Restatement shall have occurred within 36 months of the publication of the audited financial statements that have been restated, or the Audit Committee of the Board shall have taken steps to consider a Restatement prior to the end of such 36 months and the Restatement occurs within 48 months of the publication of the audited financial statements.

In addition, our equity award documents provide for forfeiture of awards in cases where a grantee violates a confidentiality, non-competition or non-solicitation covenant or agreement and for recoupment in cases where, following a termination of employment, the company determines that a termination for cause would have been justified prior to such termination.

In the event of a change in control, as defined in our Omnibus Incentive Plans, the company's right to seek recoupment shall terminate.

Executive Stock Ownership Guidelines

To more closely align the interests of our management with those of our shareholders, our Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, adopted in November 2011 stock ownership guidelines for our executive officers. The ownership guidelines require that each of our executive officers own a minimum number of shares having a value equal to the following:

Role	Minimum Value of Shares
Chief Executive Officer	6 times annual base salary
Executive Vice Presidents	3 times annual base salary
Senior Vice Presidents	2 times annual base salary
Vice Presidents	1 times annual base salary

All shares held by our executives, including unvested restricted shares and RSUs but not including shares underlying unexercised stock options, count toward these guidelines. The guidelines provide for our executives to reach these goals within five years from the date on which the executive is appointed. Once an executive has attained his or her minimum ownership requirement, he or she must maintain at least that level of ownership. If an executive has not satisfied his or her proportionate minimum stock ownership guideline, the executive must retain an amount equal to 100% of the net shares (i.e., after tax withholding and shares sold to pay the exercise price of option) received as a result of the exercise of stock options or the vesting of restricted shares or RSUs. All of our executive officers are in compliance with their current stock ownership guidelines. In addition to our stock ownership guidelines, we believe that the extended vesting provisions of our options and restricted stock and RSU awards for our executives properly align their interests with those of our shareholders, and encourage and incentivize long-term planning and strategic initiatives to enhance shareholder value.

Federal Income Tax Deductibility of Executive Compensation

For fiscal years beginning prior to December 31, 2017, Section 162(m) of the Internal Revenue Code of 1986 established a \$1 million limit on the amount that a publicly held corporation may deduct for compensation paid to the chief executive officer and the next three most highly paid NEOs (other than the chief financial officer) in a taxable year. This limitation did not apply to any compensation that is “qualified performance-based compensation” under Section 162(m). In the past, stock options granted, and annual performance bonuses paid under, our omnibus incentive plans were intended to qualify as performance-based compensation for purposes of Section 162(m), but annual RSU awards under such plans did not qualify as performance-based compensation, and were therefore subject to the \$1 million limit on deductible compensation. Section 162(m) of the Internal Revenue Code was amended by the Tax Cuts and Jobs Act of 2017. Effective for taxable years beginning after December 31, 2017, the new law eliminates the Section 162(m) exception for performance-based compensation (other than with respect to payments made pursuant to certain “grandfathered” arrangements entered into prior to November 2, 2017) and expands the definition of “covered employee” to include a company’s chief financial officer and any individual who was a covered employee of the company in any taxable year beginning after December 31, 2016. As a result of the changes to Section 162(m), compensation paid to our named executive officers in excess of \$1 million will not be deductible, unless it qualifies for the transition relief applicable to the “grandfathered” arrangements in place as of November 2, 2017. While the Committee considers the deductibility of compensation as one factor in determining executive compensation, the Committee believes that it is in the best interests of our shareholders to maintain flexibility in our approach to executive compensation in order to structure a program that we consider to be the most effective in attracting, motivating and retaining key executives.

COMPENSATION RISK ASSESSMENT

The Compensation Committee of our Board engaged FW Cook to conduct a comprehensive risk assessment of our incentive-based compensation plans in 2016 to assist the Compensation Committee in its compensation risk assessment. In its report to the Compensation Committee, FW Cook determined that our incentive plans were well-aligned with sound compensation design principles and that there were no significant areas of concern from a compensation risk perspective. FW Cook also determined that changes to our annual and long-term incentive programs, implemented in fiscal 2016, reflect considerable time and attention and have not elevated the riskiness of our incentive programs. In 2018, at the request of the Compensation Committee, FW Cook updated and confirmed its earlier assessment. Based on the Compensation Committee's review and the FW Cook reports, the Compensation Committee believes that our compensation programs do not encourage excessive or inappropriate risk-taking on the part of our associates, including our executive and senior officers. The Compensation Committee believes that the design and mix of our compensation programs appropriately encourage our executive and senior officers to focus on the creation of long-term shareholder value. In its review, the Compensation Committee noted the following features:

- executive and senior officer pay mix balances fixed and variable cash compensation, cash and equity, and annual and longer-term incentive compensation;
- our executive performance bonus program includes the following design features which the Compensation Committee believes properly incentivize senior management:
 - target bonuses generally do not exceed 100% of base salary;
 - maximum payouts are capped at 200% of target;
 - payout levels based on achievement of financial metrics generally are calculated on a straight-line interpolation basis between threshold and target levels and between target and maximum levels, rather than providing for significantly different payout levels based on small changes in operating results;
 - the annual performance bonus is largely based on achievement of multiple financial metrics, rather than a single financial metric;
 - the annual performance bonus plan includes a 25% weighting for achievement of individual G&Os (vice presidents and senior directors and below have a 50% weighting for individual G&Os) and also includes an individual performance multiplier, both of which are evaluated by the Compensation Committee, which serves to focus management on achievement of strategic business and long-term initiatives;
 - the Compensation Committee retains discretion to adjust company financial metrics to account for non-recurring and other similar items; and
 - the Compensation Committee retains discretion to reduce bonus payouts below the amounts otherwise payable under the performance bonus program where it determines that bonus amounts are not reflective of company and individual performance;
- annual non-management bonus plans for corporate, sales and other business functions allocate a lower percentage of variable cash compensation than for management with bonus awards based on subjective assessment of individual performance;
- long-term equity awards constitute a significant portion of executives' and senior officers' compensation, thereby focusing such individuals on enhancing long-term shareholder value; and
- equity awards for all associates provide vesting periods of four years for stock options and five years for restricted stock and RSUs.

In addition to the design and mix of our compensation programs, to further align our executive officers' interests with our shareholders and mitigate risk relating to our compensation programs, we have adopted an Executive Incentive Compensation Recoupment Policy, which is described in the section entitled "**Compensation Discussion and Analysis — Executive Incentive Compensation Recoupment Policy**," and stock ownership guidelines for all of our executive officers, which is described in the section entitled "**Compensation Discussion and Analysis — Executive Stock Ownership Guidelines**."

- (1) These columns reflect the potential threshold, target and maximum annual performance bonuses payable to such named executive officer under our 2018 annual performance bonus program. Amounts actually earned in fiscal year 2018 are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table. Under our 2018 annual performance bonus program, bonus awards for 2018 were based on achievement of two company financial metrics, each weighted 37.5%, and the remaining 25% was based on the achievement of individual goals and objectives (G&Os). In addition, award opportunities were subject to an individual performance multiplier ranging from 0% to 125%. For additional information, please see the section entitled “**Compensation Discussion and Analysis — Fiscal Year 2018 Executive Compensation — Annual Performance Bonus Program**” on page 44 of this proxy statement. Annual bonus awards for the named executive officers were made under our shareholder-approved 2015 Omnibus Incentive Plan. Awards under the plan were made at levels of 1% of EBIT for our Chief Executive Officer and 0.6% of EBIT for other executive officers, subject to our Compensation Committee’s exercise of discretion to reduce the actual payouts. Consistent with our Compensation Committee’s policy, our Compensation Committee exercised its discretion to reduce the payouts under the awards so that actual payouts were equal to the payouts determined under our 2018 annual performance bonus program.
- (2) These amounts represent restricted stock units granted in fiscal year 2018 pursuant to our 2015 Omnibus Incentive Plan. These awards vest 20% on each of the first through fifth anniversaries of the grant date (with limited exceptions for termination of employment due to death, disability, retirement and change in control). The restricted stock units granted to our named executive officers have no performance criteria. For additional information, please see the section entitled “**Compensation Discussion and Analysis — Fiscal Year 2018 Executive Compensation — Long-Term Stock-Based Compensation**” on page 48 of this proxy statement.
- (3) This column reflects stock option awards granted in fiscal year 2018 pursuant to our 2015 Omnibus Incentive Plan. The stock options granted to our named executive officers in fiscal year 2018 have a seven-year term and fully vest over four years, with 25% of the stock options vesting on each of the first four anniversaries of the date of grant (with limited exceptions for termination of employment due to death, disability, retirement and change in control). The stock options granted to our named executive officers have no performance criteria. For additional information, please see the section entitled “**Compensation Discussion and Analysis — Fiscal Year 2018 Executive Compensation — Long-Term Stock-Based Compensation**” on page 48 of this proxy statement.
- (4) Awards were issued with an exercise price equal to the fair market value on the grant date, which we determined based on the closing price of a share of our Class A common stock as quoted on the New York Stock Exchange on the date of the grant.

- (5) The amounts in this column do not reflect compensation actually received by the named executive officers nor do they reflect the actual value that will be recognized by the named executive officers. Instead, the amounts represent the full grant date fair value of awards as calculated in accordance with FASB ASC Topic 718. The grant date fair value is the amount that we will expense in our financial statements over the award's vesting schedule. For restricted stock units, fair value is the closing price of a share of our Class A common stock as quoted on the New York Stock Exchange on the date of the grant. The closing price of a share of our Class A common stock as quoted on the New York Stock Exchange on October 20, 2017 was \$79.60. The fair values shown for stock options are accounted for in accordance with FASB ASC Topic 718. For additional information on the valuation assumptions, please refer to Note 10 to our audited consolidated financial statements, included in our Annual Report on Form 10-K for the fiscal year ended September 1, 2018.

Dividends are not paid on unvested restricted stock units; instead, dividend equivalent units accrue on unvested restricted stock units and vest at the same times as the underlying restricted stock units. The quarterly dividend rate for the first quarter of fiscal year 2018 was \$0.48 per share, and the quarterly dividend rate for the second, third and fourth quarters of fiscal year 2018 was \$0.58 per share.

Outstanding Equity Awards at 2018 Fiscal Year-End Table

The following table shows the amount of outstanding stock option, restricted stock and restricted stock unit awards previously granted and held by the named executive officers as of September 1, 2018.

The market value of the stock awards is based on the closing price of a share of our Class A common stock as of August 31, 2018, the last business day of fiscal year 2018, which was \$85.48.

(2) This number includes dividend equivalent units that vested at the same time as the underlying restricted stock units.

(3) The amounts in this column reflect the aggregate dollar amount realized upon the vesting of stock determined by multiplying the number of shares of stock by the market value of the underlying shares on the vesting date.

Pension Benefits and Nonqualified Deferred Compensation

Our named executive officers do not receive any compensation in the form of pension benefits or nonqualified deferred compensation.

Change in Control Arrangements

Each of our current named executive officers, other than Mr. Baruch, are parties to “change in control” severance agreements, and Mr. Baruch participates in the MSC Industrial Direct Co., Inc. Executive Change in Control Severance Plan, which was adopted in June 2018. These arrangements provide for payment to the named executive officers upon a qualifying termination following a change in control of our company. The terms of these arrangements are discussed below. In addition to these arrangements, each of our current named executive officers executed a confidentiality, non-solicitation and non-competition agreement under which each of them agreed not to use or disclose any confidential information relating to the company during his employment and after termination. Each of them also agreed not to compete with the company or to solicit any employees of the company during his employment and for two years following termination of his employment. All payments under the change in control arrangements are contingent on them complying with the foregoing obligations.

Under the terms of these arrangements, “cause” is generally defined to include (i) the willful and continued failure by the executive to substantially perform his duties (other than any such failure resulting from his incapacity due to physical or mental illness) after a written demand for substantial performance is delivered to the executive by the company, (ii) the willful engaging by the executive in conduct which is demonstrably and materially injurious to the company, monetarily or otherwise, or (iii) the executive’s conviction of, or entering a plea of nolo contendere to, a felony. A change in the executive’s “circumstances of employment” will generally be deemed to have occurred if there is (a) a material reduction or change in the executive’s employment duties or reporting responsibilities, (b) a reduction in the executive’s annual base salary, (c) a material diminution in the executive’s status, working conditions or other economic benefits, or (d) the company requiring the executive to be based at any place outside a 30-mile radius from the company’s offices where the executive was based prior to a change in control.

A change in control of the company will generally be deemed to have occurred under these arrangements if (i) a person or entity, other than members of the Jacobson or Gershwind families, acquires beneficial ownership of 50% or more of the combined voting power of the company’s voting securities, (ii) there is a change in the Board as a result of which the Board members cease to constitute a majority of the Board, (iii) there is a consummation of a merger or consolidation, other than a merger or consolidation that results in our shareholders holding more than 50% of the combined voting power of the voting securities of the surviving entity, (iv) there is a liquidation or dissolution approved by our shareholders, or (v) there is a consummation of a sale of all or substantially all of the company’s assets.

Each of Messrs. Gershwind, Jilla, Jones and Armstrong has a change in control agreement with the company. Messrs. Gershwind’s, Jones’ and Armstrong’s agreements were amended and restated in December 2014, and each has a term of three years. Mr. Jilla’s agreement was entered into in September 2015 and has a term of three years. The term of each agreement automatically renews for successive three-year terms unless terminated by us, in our sole discretion, upon notification to the executive at least 18 months prior to the end of the then current term. Mr. Baruch does not have a change in control agreement with the company but instead participates in our Executive Change in Control Severance Plan.

These arrangements provide that if, within two years after the occurrence of a change in control of the company, (a) we terminate the executive’s employment other than for cause or (b) the executive terminates his employment following a change in the executive’s “circumstances of employment,” then we will be obligated to pay the executive a severance payment equal to (i) two times the executive’s annual base salary, plus (ii) two times the executive’s targeted annual cash incentive bonus, plus (iii) the pro rata portion of the executive’s targeted annual cash performance bonus. In addition, any unvested stock options and stock awards would accelerate. As a condition to receiving his severance payments and benefits, the executive would be required to execute a general release in favor of the company.

In addition, if the executive’s employment is terminated after the occurrence of a change in control as described above, we are obligated to provide the executive with outplacement services for up to six months and healthcare coverage, if elected by the executive, for up to 18 months (or in the case of Mr. Baruch, a single lump sum payment equal to 18 months of healthcare coverage), and the executive is entitled to receive, at our expense, an automobile allowance for the lesser of two years or the remainder of the automobile lease in effect following the termination of his employment.

Under these arrangements, the amount of severance benefits for these executives would be subject to reduction to the extent that the after-tax payments would be increased as a result of the payments being classified as “excess parachute payments” under Section 280G of the Internal Revenue Code of 1986.

Equity Award Plans

The number of outstanding equity awards held by each named executive officer under our Omnibus Incentive Plans as of September 1, 2018 is listed above in the **Outstanding Equity Awards at 2018 Fiscal Year-End** table. All unvested equity awards at the end of fiscal year 2018 were granted to the named executive officers under our 2005 and 2015 Omnibus Incentive Plans, which provides certain benefits to plan participants in the event of the termination of such participant’s employment or a change in control of the company. The terms of these benefits are described below.

In connection with their long-term incentive awards, the named executive officers are required to sign an agreement containing confidentiality and non-competition provisions designed to protect the company’s confidential and proprietary information and to preserve the company’s competitive advantages.

Omnibus Incentive Plans

Each of our 2005 and 2015 Omnibus Incentive Plans is a “double trigger” plan, meaning that unvested stock options and unvested restricted stock unit and restricted stock awards vest if there is a change in control of our company only if both (i) a change in control occurs and (ii) such options or awards are not continued, assumed or substituted in connection with the transaction or if there is a termination of employment without cause (or for executives with change in control arrangements, a termination by the executive for good reason) within one year (two years for executives with change in control arrangements) following the change in control. A change in control of the company will be deemed to have occurred for purposes of our Omnibus Incentive Plans in the same circumstances as described above under the section entitled “— **Change in Control Arrangements.**”

Under our Omnibus Incentive Plans and awards thereunder, in the event that the employment of a named executive officer is terminated by reason of death, disability or retirement, all unvested stock options held by the named executive officer become immediately exercisable until the first anniversary of such termination or until the stock options expire by their terms, whichever is shorter, and the restrictions on outstanding restricted stock and restricted stock units shall lapse and the shares shall become fully vested. The named executive officer will be deemed to have retired if his employment is terminated without cause, death or disability, on or after age 65, provided the named executive officer has a total of five years of service with the company.

Executive Severance Plan

On October 27, 2016, our Board adopted, upon the recommendation of our Compensation Committee, the MSC Executive Severance Plan. Under the MSC Executive Severance Plan, Vice Presidents, Senior Vice Presidents and Executive Vice Presidents of the company are eligible to receive certain severance benefits in the event of a qualifying termination. For purposes of the MSC Executive Severance Plan, a “qualifying termination” means the occurrence of any of (i) the involuntary termination of a participant’s employment by the company as a result of the elimination of such participant’s job or position with the company because of reorganization, job elimination, or site closure, (ii) the termination of a participant’s employment with the company upon the participant’s failure to accept a material change in the geographic location where such participant is required to primarily perform his services for the company, such that the distance between the previous geographic location and the new geographic location exceeds 50 miles (one way); or (iii) the termination of a participant’s employment with the company upon the participant’s failure to accept a reduction in such participant’s base salary of 20 percent or more.

Severance benefits consist of a severance allowance, a benefits credit payment, a vesting acceleration benefit and, at the discretion of the plan administrator, outplacement services. The severance allowance generally will be (i) 18 months of base pay for executive vice presidents, (ii) 15 months of base pay for senior vice presidents and (iii) 12 months of base pay for vice presidents, plus in each case a pro rata bonus (based on the average bonus paid for the prior three fiscal years). The benefits credit will be an amount equal to the credit provided by the company toward the cost of the participant’s coverage under our healthcare exchange for 18 months in the case of executive vice presidents, 15 months in the case of Senior Vice Presidents and 12 months in the case of Vice Presidents. The vesting acceleration benefit will be the acceleration of equity awards that otherwise would have vested on the next scheduled vesting date after a participant’s termination date. Finally, the plan administrator may, in its discretion, provide outplacement services for such duration as the plan administrator may determine.

As a condition of receiving any severance benefit under the MSC Executive Severance Plan, a participant will be required to execute and not revoke a severance and release agreement in favor of the company in such form and of such content as the plan administrator, in its sole discretion, may require.

Under the MSC Executive Severance Plan, no participant will be entitled to receive severance benefits in the event that the plan administrator determines, in its sole discretion, among other things, that at the time of the participant’s qualifying termination, we had cause to terminate the participant due to failure to meet our established performance criteria, the participant’s misconduct, or the participant’s violation of any applicable company policy. In addition, if a participant incurs a qualifying termination, and the plan administrator determines, in its sole discretion, that thereafter (i) the participant breached any provision(s) of his severance and release agreement, or (ii) the participant breached any provision(s) of any confidentiality, non-compete, non-solicitation, non-disparagement or other restrictive covenant or similar agreement with the company, any unpaid or unused severance benefits will be immediately forfeited, and the participant will be required to repay to us severance allowance amounts previously paid to such participant.

Potential Payments Upon Termination or Change in Control Table as of August 31, 2018

The following table sets forth the estimated amounts that would be payable to each of our named executive officers upon the termination of his employment under certain circumstances or upon a change in control in limited circumstances, assuming that the termination of employment or change in control had occurred on August 31, 2018 (which was the last business day of fiscal year 2018) and based on the price per share of our Class A common stock on that date, which was \$85.48. The actual amounts payable can only be calculated at the time of the event. None of the named executive officers would have been eligible for retirement under the terms of our equity grant agreements as of August 31, 2018.

The estimated values of the accelerated stock options, restricted stock and restricted stock unit awards listed in this column for each of the named executive officers are based on the closing price of a share of our Class A common stock as reported on the New York Stock Exchange on August 31, 2018, which was \$85.48.
- (2) Each of the named executive officers executed a confidentiality, non-solicitation and non-competition agreement under which each executive agreed not to use or disclose any confidential information relating to the company during the executive's employment and after termination. The estimated severance amount listed in this column for each of the named executive officers was calculated using the named executive officer's base salary that was in effect as of August 31, 2018. The estimated values of the accelerated stock options, restricted stock and restricted stock unit awards listed in this column for each of the named executive officers are based on the closing price of a share of our Class A common stock as reported on the New York Stock Exchange on August 31, 2018, which was \$85.48.
- (4) The amounts in this column reflect estimated amounts payable upon the death, disability or retirement of a named executive officer under the terms of our Omnibus Incentive Plans and awards thereunder. None of our named executive officers are currently eligible for retirement. - (5) The amounts in this column reflect estimated amounts that would be payable under the MSC Executive Severance Plan, which was adopted on October 27, 2016, in the event of a “qualifying termination,” (i) assuming that the qualifying termination had occurred on August 31, 2018 and (ii) based on the price per share of our Class A common stock on August 31, 2018, which was \$85.48. Mr. Gershwind is not a participant in the MSC Executive Severance Plan. The estimated severance amount listed in this column for each of the named executive officers (other than Mr. Gershwind) was calculated using the named executive officer's base salary that was in effect as of August 31, 2018. Severance amounts and medical benefits would be payable in equal installments in accordance with the company's normal payroll practices over the applicable period of either 15 or 18 months. As described above under the section entitled “Potential Payments Upon Termination or Change in Control — Executive Severance Plan,” the accelerated stock options, restricted stock and restricted stock unit awards listed in this column consist of awards that otherwise would have vested on the next scheduled vesting date after the named executive officer's qualifying termination. The estimated values of the accelerated stock options, restricted stock and restricted stock unit awards listed in this column are based on the closing price of a share of our Class A common stock as reported on the New York Stock Exchange on August 31, 2018, which was \$85.48. As a condition of receiving any severance benefit under the MSC Executive Severance Plan, a participant will be required to execute and not revoke a severance and release agreement in favor of the company in such form and of such content as the plan administrator, in its sole discretion, may require. In addition, no participant will be entitled to receive severance benefits in the event that the plan administrator determines, in its sole discretion, among other things, that at the time of the participant's qualifying termination, the company had cause to terminate the participant due to failure to meet company-established performance criteria, the participant's misconduct, or the participant's violation of any applicable company policy.

Indemnification Agreements; Directors and Officers Liability Insurance

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements clarify and enhance the rights and obligations of the company and the indemnitee with respect to indemnification and advancement of expenses already provided for in our Certificate of Incorporation and Amended and Restated By-laws. The indemnification agreements provide that we will indemnify the indemnitee to the fullest extent permitted by New York law against all indemnifiable losses relating to, resulting from or arising out of any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation that the indemnitee in good faith believes might lead to the institution of any such action, suit or proceeding. The indemnification agreements also provide for the advancement of expenses. In addition, we have entered into indemnification agreements with certain of our officers who serve as members of the Administrative Committee of our 401(k) plan. These indemnification agreements provide such officers with indemnification to the maximum extent permitted by law in connection with any actions or omissions such officers take or fail to take in their capacity as members of the Administrative Committee.

On May 12, 2018, we renewed our policies for directors and officers liability insurance. The policies are issued by Illinois National Insurance Company, Travelers Casualty and Surety Company of America, QBE Insurance Corporation, ACE American Insurance Company and XL Specialty Insurance Company. The policies expire on May 12, 2019, and the total annual premium is approximately \$368,000. On May 12, 2018, we also renewed our fiduciary liability insurance policy, which covers directors and associates who serve as fiduciaries for our employee benefit plans. The policy is issued by Illinois National Insurance Company, expires on May 12, 2019, and the annual premium is approximately \$16,000.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median associate and the annual total compensation of our Chief Executive Officer.

For fiscal year 2018:

- the annual total compensation of our median associate was \$49,415; and
- the annual total compensation of our Chief Executive Officer, as reported in the Summary Compensation Table appearing under “**Executive Compensation**,” was \$4,461,519.

Based on this information, the ratio of the annual total compensation of our Chief Executive Officer to the annual total compensation of our median associate for fiscal year 2018 was estimated to be 90:1.

To identify the median of the annual total compensation of all our associates, as well as to determine the annual total compensation of our median associate, the methodology and the material assumptions, adjustments, and estimates that we used were as follows:

- We selected August 31, 2018 as the date for identifying our median associate. We determined that, as of August 31, 2018, our employee population, which includes our U.K. and Canada operations, consisted of approximately 6,500 associates.
- Our employee population data described above excludes approximately 140 employees of All Integrated Solutions, which we acquired in April 2018.
- We identified our median associate based on the total cash compensation earned for fiscal year 2018. Total cash compensation earned for fiscal year 2018 included base salary, bonus and incentives, commissions and overtime earned for such period.
- For purposes of identifying the median associate, we applied the following exchange rates at August 31, 2018: (i) 1 British pound to 1.30168 U.S. dollars and (ii) 1 Canadian dollar to 0.77212 U.S. dollars.
- Once we identified our median associate, we then determined our median associate’s annual total compensation for fiscal year 2018 in the same manner that we determine the annual total compensation of our named executive officers for purposes of the Summary Compensation Table appearing under “**Executive Compensation**.” The annual total compensation of our median associate for fiscal year 2018 was determined to be \$49,415, which was then compared to the annual total compensation of our Chief Executive Officer, as reported in the Summary Compensation Table appearing under “**Executive Compensation**.”

The SEC’s rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

We believe this pay ratio is a reasonable estimate calculated in a manner consistent with applicable rules of the SEC. This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the company used the pay ratio measure in making compensation decisions for fiscal year 2018.

**APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS
(PROPOSAL NO. 3)**

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

As described in greater detail in the section entitled “**Compensation Discussion and Analysis**,” our key compensation goals are to: create a performance driven culture based on personal accountability by linking rewards to company and individual performance; provide a market competitive compensation opportunity to enable the company to attract, retain and motivate highly talented associates; and recruit, retain and motivate highly talented executives, align our executives’ interests with those of our shareholders and provide performance-based compensation that appropriately rewards our executives. Our compensation programs include a number of key features designed to accomplish these objectives.

Our Board urges our shareholders to read the section entitled “**Compensation Discussion and Analysis**,” which describes in detail how our executive compensation practices operate and are designed to achieve our key compensation goals, as well as the Summary Compensation Table and other related compensation tables and narrative discussion appearing under “**Executive Compensation**,” which provide detailed information about the compensation of our named executive officers. Based on company and individual performance, the Compensation Committee believes that compensation levels for fiscal year 2018 were appropriate and consistent with the philosophy and objectives of the company’s compensation programs.

This vote is advisory, which means that this vote on executive compensation is not binding on the company, our Board or our Compensation Committee. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. To the extent there is any significant vote against our named executive officers’ compensation as disclosed in this proxy statement, our Compensation Committee will consider our shareholders’ concerns and evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the votes cast in person or by proxy at the annual meeting is required to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement.

Accordingly, we ask our shareholders to vote on the following resolution at our 2019 annual meeting of shareholders:

“RESOLVED, that the Company’s shareholders hereby approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2019 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.”

As previously disclosed, we plan to hold the “say on pay” advisory vote on an annual basis. The next shareholder advisory vote on executive compensation will occur at our 2020 annual meeting of shareholders.

**THE BOARD RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS,
OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
AS DISCLOSED IN THIS PROXY STATEMENT.**

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The information set forth in the following tables is furnished as of October 31, 2018, except as otherwise noted, regarding the beneficial ownership of our Class A common stock and our Class B common stock by:

- each shareholder known to us to be the beneficial owner of more than 5% of our Class A common stock or Class B common stock;
- each director and nominee for director of the company;
- each of our named executive officers; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC that deem shares to be beneficially owned by any person who has or shares voting or investment power with respect to such shares. Shares of Class A common stock subject to options that are exercisable as of October 31, 2018 or are exercisable within 60 days of October 31, 2018 are deemed to be outstanding and to be beneficially owned by the person holding such options for the purpose of calculating the percentage ownership of such person but are not treated as outstanding for the purpose of calculating the percentage ownership of any other person. In addition, since all of the shares of Class B common stock are convertible at the option of the holder into Class A common stock on a share-for-share basis, the beneficial owner of shares of Class B common stock is deemed to be a beneficial owner of the same number of shares of Class A common stock. In indicating below the amount and nature of a person's beneficial ownership of Class A common stock and the percentage of the class owned by such person, it has been assumed that such person has converted into Class A common stock all shares of Class B common stock of which such person is a beneficial owner. Furthermore, such shares of Class A common stock are deemed outstanding for the purpose of calculating the percentage ownership of such person, but are not treated as outstanding for the purpose of calculating the percentage ownership of any other person.

In the tables below, percentage ownership is based on 44,961,465 shares of our Class A common stock and 10,368,327 shares of our Class B common stock outstanding as of October 31, 2018. Except as otherwise indicated, the persons listed in the tables below have advised us that they have sole voting and investment power with respect to the shares listed as owned by them.

If you are a beneficial shareholder, you may vote by following the voting instructions provided by your broker, bank, trustee or other nominee included with your proxy materials or with the instructions on how to access the proxy materials electronically.

What is a broker non-vote?

If you hold shares beneficially in street name and do not provide your broker, bank or other agent with voting instructions, your shares could constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not provide instructions.

If you are a beneficial owner whose shares are held in the name of a broker, and you do not provide your broker with voting instructions, the broker has the authority to vote your shares for or against certain “routine” matters. The proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2019 is the only routine matter being considered at the 2019 annual meeting.

We encourage you to provide instructions to your broker or other nominee so that your shares may be voted. If you do not provide instructions to your broker or other nominee, your shares will not be voted in the director elections or on the advisory vote on executive compensation.

What is a quorum?

A quorum is the minimum number of shares required to hold a shareholders meeting. Under New York law and our By-Laws, the presence in person or by proxy of the holders of a majority of the total shares of our Class A common stock and our Class B common stock that are entitled to vote is necessary to constitute a quorum at the annual meeting.

What is the vote required for each proposal?

The election of each nominee for director requires the affirmative vote of a plurality of the votes cast in person or by proxy at the annual meeting. The approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2019 and the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement each requires the affirmative vote of a majority of the votes cast in person or by proxy at the annual meeting. Abstentions will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Broker non-votes are not counted for any purpose in determining whether a matter has been approved, but, along with abstentions, are considered present and entitled to vote for purposes of determining a quorum.

On all matters to be voted upon at the annual meeting and any adjournments or postponements thereof, the record holders of our Class A common stock and our Class B common stock vote together as a single class, with each holder of Class A common stock entitled to one vote per share of Class A common stock and each holder of Class B common stock entitled to ten votes per share of Class B common stock.

How do I vote?

If you are a shareholder of record, you may vote in person at the 2019 annual meeting, on the Internet, by telephone or by signing, dating and mailing your proxy card. Detailed instructions for Internet voting are provided in the Notice of Internet Availability and instructions for Internet voting and telephone voting are provided in the printed proxy card. If you are a beneficial shareholder, you must follow the voting procedures provided by your broker, bank, trustee or other nominee included with your proxy materials or with the instructions on how to access the proxy materials electronically.

If you are a record holder and you sign your proxy card without giving specific instructions, your shares will be voted in accordance with the recommendations of our Board (“FOR” all nine of our nominees to the Board, “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2019 and “FOR” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement).

If your shares are held in the MSC Industrial Direct 401(k) Plan, the enclosed proxy will serve as a voting instruction card for the trustee of the MSC Industrial Direct 401(k) Plan, T. Rowe Price Trust Company, who will vote all shares of Class A common stock of the company allocated to your 401(k) account in accordance with your

instructions. If the voting instruction card is returned without choices marked, and if not otherwise directed, the shares in your 401(k) account that are represented by the voting instruction card will not be voted.

What will happen if another matter properly comes before the annual meeting?

Our Board does not intend to bring any matter before the annual meeting except as specifically indicated in the accompanying notice and these proxy materials, nor does our Board know of any matters that anyone else proposes to present for action at the annual meeting. However, if any other matters are properly presented at the meeting for a vote, the enclosed proxy card confers discretionary authority to the individuals named as proxies to vote the shares represented by proxy as to those matters.

If I plan to attend the annual meeting, should I still vote by proxy?

All shareholders are cordially invited to attend the annual meeting. However, to assure your representation at the annual meeting, we urge you to vote your shares as promptly as possible either by Internet, by telephone or by completing, signing and dating a printed proxy card and returning it in the postage-paid envelope provided. Any shareholder attending the annual meeting may vote in person, even if he or she has already voted or returned a proxy card.

If you vote by Internet, telephone or proxy and also attend the meeting, you do not need to vote again at the meeting, unless you want to change your vote. Written ballots will be available at the meeting for shareholders of record. Beneficial shareholders who wish to vote in person at the meeting must request a proxy from their broker or other nominee and bring that proxy to the annual meeting.

Who pays the cost for the solicitation of proxies?

We will pay any expenses for the solicitation of proxies for the annual meeting. Such solicitation may be made in person or by telephone by officers and associates of the company. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses that they incur in forwarding material to the beneficial owners of shares of our Class A common stock.

How do I change my vote?

Shareholders of record may revoke their proxies and change their vote by giving written notice of revocation to our Corporate Secretary before the annual meeting, by delivering later-dated proxies (either in writing, by telephone or over the Internet), or by voting in person at the meeting. Beneficial shareholders may change their vote by following the instructions of their broker, bank, trustee or other nominee.

How may I obtain a separate set of proxy materials or request a single set for my household?

For registered shareholders who receive paper copies of this proxy statement, copies of our 2018 annual report to shareholders are being mailed simultaneously with this proxy statement. All other registered shareholders will receive a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials and annual report online and how to request paper copies of our proxy materials and annual report. If you are a registered shareholder and want to save us the cost of mailing more than one copy of our proxy materials and annual report or Notice of Internet Availability of Proxy Materials, as applicable, to the same address, we will discontinue, at your request to the Corporate Secretary of the company, mailing the duplicate copy to the account or accounts you select. Beneficial owners sharing an address who are receiving multiple copies of proxy materials and annual reports or Notice of Internet Availability of Proxy Materials, as applicable, and who wish to receive a single copy of such materials in the future, will need to contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address.

If you are the beneficial owner, but not the record holder, of shares of our Class A common stock, your broker, bank or other nominee may deliver only one copy of this proxy statement and our 2018 annual report or instructions on how to access the proxy materials electronically, as applicable, to multiple shareholders who share an address, unless that nominee has received contrary instructions from one or more of the shareholders. If you are a beneficial holder and wish to receive multiple copies of such materials in the future, you will need to contact your broker, bank or other nominee to request multiple copies.

We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and our 2018 annual report or Notice of Internet Availability of Proxy Materials, as applicable, to any registered shareholder at a shared address to which a single copy of the document or documents was delivered. A registered shareholder who wishes to receive a separate copy of the proxy statement and annual report or Notice of Internet Availability of Proxy Materials, as applicable, now or in the future, should submit this request by writing to Corporate Secretary, MSC Industrial Direct Co., Inc., 75 Maxess Road, Melville, New York 11747, or calling (516) 812-2000.

If you are a beneficial shareholder, we urge you to vote promptly by following the instructions provided by your broker, bank, trustee or other nominee.
